The following Draft of a proposed Act was read in Council for the first time on the 28th June 1845.

ACT No. —— OF 1845.

An Act for incorporating the Assam Company.

Whereas it hath been discovered, that there are in the British Province of Assam and other the North Eastern parts of India, numerous and extensive tracts of country producing the genuine Tea Plant, and it has been ascertained that the soil and climate are in all respects adapted for the cultivation of Tea Plant on an extensive scale.

And whereas it is considered, that the cultivation and manufacture of Tea in India will be of great national importance and benefit, as well to the United Kingdom as to the British Territories in India, and the same may be advantageously prosecuted on a scale beyond the resources and enterprize of individual Capitalists, and a Society or Company hath been lately formed for the purpose of prosecuting and extending the said culture and manufacture with a Capital of Company's Rupees 50,00,000 in 10,000 Shares of Co.'s Rs. 500 each, and certain grants of land have been already made to the said Company in Assam and the North East parts of India aforesaid, and establishments have been formed by the said Company for the purposes of the said culture and manufacture, and are now in operation.

And whereas the whole 10,000 Shares have been subscribed for and appropriated, and the Proprietors have actually paid up Company's Rupees 20,00,000 of the said Capital of Company's Rupees 50,00,000, and the several Subscribers are willing at their own expense to carry on the said culture and manufacture, and it would tend much to the convenience and advantage as well of the said Subscribers as of the public, that they should be incorporated in the manner hereinafter mentioned and provided.

And whereas it is considered, that there are in Assam other articles and products of indigenous growth, or to which the soil and climate are also adapted, the culture and preparation of which may be carried on with great advantage and profit by the said Company as incidental to, or in connection with their Tea cultivation and establishment, and whereas it is desirable that provision should be made for enabling the said Company if they shall think fit to avail themselves thereof, and for enabling them to increase their Capital Stock.

And whereas several of the persons hereinafter named had been appointed and acted as a Provisional Committee for the purpose of forming and establishing the said Company, and commencing the business thereof, and the said Company has since been constituted under the provisions of a Deed of Association, bearing date the 31st day of January 1840, and made between the several persons whose names are thereunder subscribed, and whose seals are thereunto affixed, (except the several persons, parties thereto of the second and third parts) of the first part, Sir William Baynes, Baronet, Richard Twining, Thomas Weeding, John Alliston, Andrew Henderson, Francis Fox, and William Cracroft, therein respectively described of the second part, and Sir George Gerard de Hochipied Larpent, Baronet, John Small, Alexander Rogers, Foster Reynolds, John Travers, William Manning, William R. Robinson and Ross Donnelly Mangles, therein also respectively described of the third part, and under which Deed the business of the said Company has been commenced and carried on, and whereas in such Deed provision was made for confirming the several Acts, Deeds, Matters and Things executed and performed by the Provisional Committee in that capacity.

And whereas it is expedient that like provision should be made herein, and also provision for vesting, continuing and establishing in, for, and against the Corporate Body hereby created after (and notwithstanding their Incorporation) all such property, rights, contracts and liabilities whatever as the said existing Society or Company are, or but for such Incorporation would be possessed of, entitled or liable to:

CIRCULAR.

FROM

J. THORNTON, ESQ,

Secy. to Govt., North Western Provinces,

To

THE COLLECTOR AND MAGISTRATE.

SIR,

The Lieutenant Governor is desirous to draw your attention to the subject of Vernacular Education in the district entrusted to your charge.

2. It is generally admitted that the standard of education amongst the people is very low. At the same time causes are now at work, which tend rapidly to raise the standard, and improve the intellectual state of the whole population.

3. The people of Hindostan are essentially an agricultural people. Any thing which concerns their land immediately rivets their attention and excites their interest.

4. During the late Settlement a measurement has been made and a map drawn of every field in these Provinces, and a record formed of every right attaching to the field. The Putwarrees' papers, based on this Settlement, constitute an Annual Registry of these rights, and are regularly filed in the Collector's Office. They are compiled on an uniform system, and are the acknowledged ground-work of all judicial orders regarding rights in land.

5. It is important for his own protection, that every one possessing any interest in the land, should be so far acquainted with the principles on which these papers are compiled, as to be able to satisfy himself that the entries affecting himself are correct.

6. There is thus a direct and powerful inducement to the mind of almost every individual to acquire so much of Reading, Writing, Arithmetid and Mensuration, as may suffice for the protection of his rights. Until this knowledge be universal it is vain to hope that any great degree of accuracy can be attained in the preparation of the papers.

7. When the mind of the whole people has thus been raised to a sense of the importance of knowledge, it is natural to suppose that many from the mass will advance further and cultivate literature for the higher rewards it offers, or even for the pleasure which its acquisition occasions.

8. You will hence perceive that it is your duty with reference to the great interests immediately entrusted to your care, to do all in your power to promote the Education of the People.

9. The means for this purpose are at hand in the indigenous Schools which are scattered over the face of the country. Their number may not at present be large, and the instruction conveyed in them is known to be rude and elementary. But their numbers may be increased and the instruction conveyed in them may be improved.

10. In this, as in all other operations, it is most important to carry the people with you, and to aid their efforts, rather than remove from them the stimulus to exertion by making all the effort yourself. Judicious encouragement on your part will promote the formation of village schools, and enlist on your side in the work of education the persons whom the people themselves may select as their teachers, and support for that purpose. It is not unreasonable to expect that before long the Village School-master will be as recognized a servant of the community, as any other of the servants whose remuneration is now borne amongst the authorized village charges.

11. These School-masters may be encouraged by kindly notice, and by occasional rewards to the most deserving of themselves or of their Scholars. They may be aided by the distribution of printed and lithographed books.

12. A series of Village School Books is now in course of preparation and will shortly be circulated. They will be short, very elementary, and strictly on the system now followed in all Native Schools. The series will contain instructions in Mensuration according to the native method, and explanations of the form and object of the Putwarrees' papers.

13. When these books are circulated, you will also be apprized of other measures which will be organized for the superintendence of Village Schools, much on the plan recommended by Mr. W. Adam, in his Third Report on the State of Education in Bengal, furnished to the Government in the year 1838.

14. In the mean time it is necessary that you apply yourself without further delay to the collection of statistical details regarding the actual state of education in your district. This enquiry should embrace education in all its branches—the lowest and the highest.

15. It is important that the information should be furnished in an uniform manner. For this purpose three copies of a reprint of so much of Mr. Adam's Third Report, as shows his plan of arranging the statistics of the districts he visited, is forwarded for your information and for distribution to your subordinates. Your report will be drawn up as nearly as may be convenient on this model, but you will consider the district as divided into Pergunahs rather than into Thannahs, which are the local subdivisions of a district best known in Bengal. I am further desired to furnish you with the following instructions as to the method in which the information may be collected.

16. The Revenue Officers of the Government are the persons whom you will naturally employ as your agents. Directions for the guidance of the Tehsildars have been compiled, as well as a translation of so much of Mr. Adam's report as will apprize them of the object in view, and several copies are herewith forwarded to you for distribution.

17. You will first draw up in your own Office for each Pergunah a return of the form annexed, filling in from the Settlement Records the names of all the Mouzahs, arranged according the Persian Alphabet, their Jumma, and Population. Where there are no schools in a Mouzah, the line assigned to that Mouzah will remain blank; where there are more schools than can be conveniently shown in the allotted space, the detail will be separately given in a supplemental return, to which reference will be made on the face of the statement.

18. It is essential that every Mouzah be entered in the statement in order that no one be overlooked.

19. When you receive back the statements from the Tehsildars, you will not adopt them, till you are quite satisfied of their correctness. You will easily test them by independent enquiries made by any trustworthy person in your Office, regarding several entries taken at random throughout the whole. During the frequent visits to the several parts of your district, made by yourself or your subordinates, you will ascertain the accuracy of the returns by personal enquiries. It is impossible that, with ordinary care, your return should be otherwise than correct.

20. The Lieutenant Governor will feel gratified by any remarks or suggestions which you may make on the subject, when you furnish the report.

I have the honor to be,
Sir,
Your most obedient servant,
(Signed) J. THORNTON,
Secy. to the Govt. N. W. P.

General Department,
Agra, the 1845.

INSTRUCTIONS TO TEHSILDARS.

1. The Government is desirous to receive from you a return of the number of schools in your Tehsildary.

2. The object of the enquiry is to promote the formation of these schools, and improve the education given in them, so that the Zemindars and Ryuts may be able to read and write and understand the Putwarrees' papers and see that they are accurately drawn up.

3. The Government does not intend to establish schools of its own, but it intends to help the people in establishing schools for themselves.

4. You will hereafter be informed in what way help will be given: at present the Government wishes to know how many schools there are in your Tehsildary, what is taught in those schools, and how the Teachers are remunerated.

5. A form is sent to you in which you will enter the required information, under the several heads: you will observe that a single line is allotted to every village in your jurisdiction. If the village contains no schools, you will leave the line blank; if it contains more schools than there is room for, you will enter the details in a separate supplemental return and make a reference to that return on the face of the statement.

6. A translation is annexed of the report furnished to the Government of Bengal by Mr. Adam regarding the State of Education in Zillah Beerbhoom. A similar report for the whole district will be drawn up by the Collector from the returns of the several Tehsildars. If you feel disposed to draw up yourself a report in that form for your own Tehsildarry, it will be better. The facts regarding each Pergunah should be noted separately, without regard to the division of the districts into Thannahs.

7. You will collect the information requisite to fill up the entries through the Pergunah Canoongoes and Village Putwarrees, testing it in every available manner, but you will be careful not to harass the people by summoning them to answer on the subject: it is better you should take a little longer time in completing the return, than that you should give the people any annoyance in preparing it: you will spare no pains in ensuring its accuracy.

8. The entries in the several columns of the annexed specimen form will explain to you how they should be filled up.

GENERAL POST OFFICE NOTIFICATION.

EXPORT OVERLAND EXPRESS MAIL VIA BOMBAY.

NOTICE is hereby given, for general information, that an Express Packet, (consisting, exclusively, of Overland Letters, not exceeding the prescribed maximum weight of 400 tolas in the aggregate,) for conveyance, by the Steamer appointed to leave Bombay, on the 19th instant, will be closed at, and despatched from, this Office, on Thursday, the 10th idem, and that no Letter above one tola in weight, or any brought after 3 P. M., on that date, (whether the abovementioned weight be completed or not,) will be received for transmission by this opportunity.

No more than two tolas weight of Letters can be posted, on such occasion, by any one Firm, or individual.

Offg. Post Master Genl.

Fort William, Genl. Post Office,

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 8th February, 1844.

POST OFFICE NOTIFICATION.

P. and O. Steamers.

THE Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

On every letter not exceeding ½ an ounce in weight, ...8 As. or one Shilling.
On ditto above ½ oz. and not exceeding one ounce, ...1 R. or two ditto.
On ditto above 1 oz. and not exceeding two ounces, ...2 Rs. or four ditto.
On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Hon'ble Company's currency, are recommended as the best substitutes:

In lieu of ½ an ounce..... One Rupee and One Copper Pie.
In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sender, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12 tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Banghy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussul, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although ¼ ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency,) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3 6-0, viz.

Ordinary Inland Postage, ...	0	14	0
Express ditto, ...	2	0	0
Steam ditto, ...	0	8	0
Total Rs.	3	6	0

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18 No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

L. J. H. GREY,
Post Master General.

FORT WILLIAM, GENL. POST OFFICE,
The 20th April, 1845.

GENERAL POST OFFICE NOTIFICATION.

The Officiating Post Master General being desirous to infuse into the system of delivery of Letters, some measure of activity, order, and despatch, begs to intimate to the public, that from and after the 15th July, the following Clauses of the "Rules for the management of the Post Office "Department, passed by the Governor General of India in Council on the 30th August 1837," will, without deviation or respect of persons, be rigorously enforced.

"XXIII. The Delivering Peons are prohibited from delivering letters, papers or parcels out "of the usual course, and without immediate payment of the exact amount of postage; and they are "not bound to give change. Should they be subject to detention, they are not to deliver the letters, "papers or parcels, but to return them in the evening to the Post Office for future delivery.

"N. B. Under the provisions of Section 3, Act XXI. 1835, Copper Coin is not a legal tender "in payment of any demand, except for fractions of a Rupee."

"XXIV. Whatever postage is marked on a letter, paper, or parcel, must be paid at once on "delivery, after which any complaint of overcharge will be duly attended to. In all complaints of "overcharge or unnecessary delay in delivering letters, papers or parcels, the covers or envelopes, bear- "ing the Post Office Stamp, must be presented for inspection; and as all Post Office Peons wear a "badge regularly numbered, when any complaints are preferred against any individual, the number "of the badge should be specified."

In carrying into effect this very essential measure, necessary alike to prevent malpractises on the part of the Peons, and to secure a prompt and orderly delivery of letters, the Officiating Post Master General confidently anticipates the cordial co-operation of the community; and has accordingly issued this Notification, that all parties may make their arrangements to meet this change of system, with as little inconvenience as possible.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 8th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

The Officiating Post Master General being desirous to infuse into the system of delivery of Letters, some measure of activity, order, and despatch, begs to intimate to the public, that from and after the 15th July, the following Clauses of the "Rules for the management of the Post Office "Department, passed by the Governor General of India in Council on the 30th August 1837," will, without deviation or respect of persons, be rigorously enforced.

"XXIII. The Delivering Peons are prohibited from delivering letters, papers or parcels out "of the usual course, and without immediate payment of the exact amount of postage; and they are "not bound to give change. Should they be subject to detention, they are not to deliver the letters, "papers or parcels, but to return them in the evening to the Post Office for future delivery.

"N. B. Under the provisions of Section 3, Act XXI. 1835, Copper Coin is not a legal tender "in payment of any demand, except for fractions of a Rupee."

"XXIV. Whatever postage is marked on a letter, paper, or parcel, must be paid at once on "delivery, after which any complaint of overcharge will be duly attended to. In all complaints of "overcharge or unnecessary delay in delivering letters, papers or parcels, the covers or envelopes, bear- "ing the Post Office Stamp, must be presented for inspection; and as all Post Office Peons wear a "badge regularly numbered, when any complaints are preferred against any individual, the number "of the badge should be specified."

In carrying into effect this very essential measure, necessary alike to prevent malpractises on the part of the Peons, and to secure a prompt and orderly delivery of letters, the Officiating Post Master General confidently anticipates the cordial co-operation of the community; and has accordingly issued this Notification, that all parties may make their arrangements to meet this change of system, with as little inconvenience as possible.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ...f. (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 8th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

The Officiating Post Master General being desirous to infuse into the system of delivery of Letters, some measure of activity, order, and despatch, begs to intimate to the public, that from and after the 15th July, the following Clauses of the "Rules for the management of the Post Office "Department, passed by the Governor General of India in Council on the 30th August 1837," will, without deviation or respect of persons, be rigorously enforced.

"XXIII. The Delivering Peons are prohibited from delivering letters, papers or parcels out "of the usual course, and without immediate payment of the exact amount of postage; and they are "not bound to give change. Should they be subject to detention, they are not to deliver the letters, "papers or parcels, but to return them in the evening to the Post Office for future delivery.

"N. B. Under the provisions of Section 3, Act XXI. 1835, Copper Coin is not a legal tender "in payment of any demand, except for fractions of a Rupee."

"XXIV. Whatever postage is marked on a letter, paper, or parcel, must be paid at once on "delivery, after which any complaint of overcharge will be duly attended to. In all complaints of "overcharge or unnecessary delay in delivering letters, papers or parcels, the covers or envelopes, bear-"ing the Post Office Stamp, must be presented for inspection; and as all Post Office Peons wear a "badge regularly numbered, when any complaints are preferred against any individual, the number "of the badge should be specified."

In carrying into effect this very essential measure, necessary alike to prevent malpractises on the part of the Peons, and to secure a prompt and orderly delivery of letters, the Officiating Post Master General confidently anticipates the cordial co-operation of the community; and has accordingly issued this Notification, that all parties may make their arrangements to meet this change of system, with as little inconvenience as possible.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce. 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office,

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 8th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

The Officiating Post Master General being desirous to infuse into the system of delivery of Letters, some measure of activity, order, and despatch, begs to intimate to the public, that from and after the 15th July, the following Clauses of the "Rules for the management of the Post Office "Department, passed by the Governor General of India in Council on the 30th August 1837," will, without deviation or respect of persons, be rigorously enforced.

"XXIII. The Delivering Peons are prohibited from delivering letters, papers or parcels out "of the usual course, and without immediate payment of the exact amount of postage; and they are "not bound to give change. Should they be subject to detention, they are not to deliver the letters, "papers or parcels, but to return them in the evening to the Post Office for future delivery.

"N. B. Under the provisions of Section 3, Act XXI. 1835, Copper Coin is not a legal tender "in payment of any demand, except for fractions of a Rupee."

"XXIV. Whatever postage is marked on a letter, paper, or parcel, must be paid at once on "delivery, after which any complaint of overcharge will be duly attended to. In all complaints of "overcharge or unnecessary delay in delivering letters, papers or parcels, the covers or envelopes, bear-"ing the Post Office Stamp, must be presented for inspection; and as all Post Office Peons wear a "badge regularly numbered, when any complaints are preferred against any individual, the number "of the badge should be specified."

In carrying into effect this very essential measure, necessary alike to prevent malpractises on the part of the Peons, and to secure a prompt and orderly delivery of letters, the Officiating Post Master General confidently anticipates the cordial co-operation of the community; and has accordingly issued this Notification, that all parties may make their arrangements to meet this change of system, with as little inconvenience as possible.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

BEACON IN TORRES STRAIT.

The following Notice is published, in conformity with the instructions of Government, for general information.

By order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secretary.*

Fort William, the 17th July, 1845.

Hydrographic Office, Admiralty, April 1st, 1845.

NOTICE TO MARINERS.

TORRES STRAIT,

Beacon on the Great Barrier Reef.

Her Majesty's Government having directed that a lofty and substantial Beacon of Stone should be built on one of the rocks of the Great Barrier Reef, for the guidance of Vessels bound through Torres Strait; and Captain Blackwood, of H.M.S. Fly, having selected Raine Island for that purpose, and having recently reported that the Beacon had been completed, the following notice of it is now published for the benefit of seamen.

The Beacon is of a circular form, 30 feet in diameter at the base, and 27 feet at the top; the building is 64 feet in height, and at low water it stands 75 feet above the level of the sea. It is painted with alternate red and white vertical stripes; and in clear weather it is visible from a ship's deck at the distance of 8 or 9 miles, but from the mast head, at 12 or 13 miles. Its lat. is 11° 35′ S. and long. 144° 6′ E. of Greenwich.

Raine Island is in the middle of an opening, of about 8 miles in breadth, through the outer Barrier Reef; no bottom is found with 125 fathoms in any part of this opening, nor close up to the island, which is a low and narrow coral rock about quarter of a mile in length. Though without water, it carries a coarse green vegetation, while Pandora Islet, which is 8 miles farther to the northward, in lat. 11° 27′ S. is a bare bank of sand.

The extreme points of the reefs which form the above opening bear from the Beacon N.N.E.½E. and S.S.E ½E. by compass. The time of high water at full and change is 10 o'Clock; the rise at ordinary springs about 10 feet; and the strength of the tide sometimes amounts to 2 knots. The flood comes in from the eastward and there is a general current of about a knot, setting to the northward, (or to leeward) along the face of the reef. The variation of the compass is 4° 30′ E.

A vessel coming from the southward, and intending to penetrate the Barrier by Raine Island, should be pretty certain of her latitude; and when running in to the westward towards the reefs, she should so shape her course as to make the Beacon well on the starboard bow, in order to allow for the northerly current.

When the Beacon is clearly made out the island will soon be seen and may be passed on either hand, as both channels are 2½ miles wide. The southern channel will be the most convenient, but the reef, which projects a good mile from the S.E. end of the island, must be avoided.

When the island is passed, a S.W. by W. ½ W. course by compass will lead through a wide opening in the second line of reefs, and the Hardy Islands will soon be seen, as their distance from Raine Island is about 40 miles. Some scattered coral heads will however have to be passed, for which a good look out should be kept; and it is recommended to all vessels, which have to run to the westward among these coral patches, to do so in the morning, before the sun passes much to the westward of the meridian, as the patches may then be distinctly seen from the mast head, or from the fore yard, at both of which places a careful look out man should be stationed.

NOTICE is hereby given, that the undermentioned quantity of Punguh Salt is for Sale at the rate specified below. BEACON IN TORRES STRAIT.

The following Notice is published, in conformity with the instructions of Government, for general information.

By order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secretary.*

Fort William, the 17th July, 1845.

Hydrographic Office, Admiralty, April 1st, 1845.

NOTICE TO MARINERS.

TORRES STRAIT,

Beacon on the Great Barrier Reef.

Her Majesty's Government having directed that a lofty and substantial Beacon of Stone should be built on one of the rocks of the Great Barrier Reef, for the guidance of Vessels bound through Torres Strait; and Captain Blackwood, of H.M S. Fly, having selected Raine Island for that purpose, and having recently reported that the Beacon had been completed, the following notice of it is now published for the benefit of seamen.

The Beacon is of a circular form, 30 feet in diameter at the base, and 27 feet at the top; the building is 64 feet in height, and at low water it stands 75 feet above the level of the sea. It is painted with alternate red and white vertical stripes; and in clear weather it is visible from a ship's deck at the distance of 8 or 9 miles, but from the mast head, at 12 or 13 miles. Its lat. is 11° 35′ S. and long. 144° 6′ E. of Greenwich.

Raine Island is in the middle of an opening, of about 8 miles in breadth, through the outer Barrier Reef; no bottom is found with 125 fathoms in any part of this opening, nor close up to the island, which is a low and narrow coral rock about quarter of a mile in length. Though without water, it carries a coarse green vegetation, while Pandora Islet, which is 8 miles farther to the northward, in lat. 11° 27′ S. is a bare bank of sand.

The extreme points of the reefs which form the above opening bear from the Beacon N.N.E.½E. and S.S.E.½E. by compass. The time of high water at full and change is 10 o'Clock; the rise at ordinary springs about 10 feet; and the strength of the tide sometimes amounts to 2 knots. The flood comes in from the eastward and there is a general current of about a knot, setting to the northward, (or to leeward) along the face of the reef. The variation of the compass is 4° 30′ E.

A vessel coming from the southward, and intending to penetrate the Barrier by Raine Island, should be pretty certain of her latitude; and when running in to the westward towards the reefs, she should so shape her course as to make the Beacon well on the starboard bow, in order to allow for the northerly current.

When the Beacon is clearly made out the island will soon be seen and may be passed on either hand, as both channels are 2½ miles wide. The southern channel will be the most convenient, but the reef, which projects a good mile from the S.E. end of the island, must be avoided.

When the island is passed, a S.W. by W. ½ W. course by compass will lead through a wide opening in the second line of reefs, and the Hardy Islands will soon be seen, as their distance from Raine Island is about 40 miles. Some scattered coral heads will however have to be passed, for which a good look out should be kept; and it is recommended to all vessels, which have to run to the westward among these coral patches, to do so in the morning, before the sun passes much to the westward of the meridian, as the patches may then be distinctly seen from the mast head, or from the fore yard, at both of which places a careful look out man should be stationed.

ECCLESIASTICAL.

The Reverend Richard Brough Maltby, Chaplain of FuttyGhur, has been appointed a Surrogate for granting Episcopal Licences of Marriage in the Archdeaconry and Diocese of Calcutta.

By order of the Venerable Thomas Dealtry, Archdeacon of the Archdeaconry of Calcutta and Commissary of the Right Reverend the Lord Bishop of Calcutta, dated at Calcutta, the 22d day of July, 1845,

W. H. ABBOTT,
Registrar.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office, The 8th February, 1844.

POST OFFICE NOTIFICATION.

P. and O. Steamers.

THE Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

On every letter not exceeding ½ an ounce in weight, ...8 As. or one Shilling.
On ditto above ½ oz. and not exceeding one ounce, ...1 R. or two ditto.
On ditto above 1 oz and not exceeding two ounces, ...2 Rs. or four ditto.
On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Hon'ble Company's currency, are recommended as the best substitutes:

In lieu of ½ an ounce..... One Rupee and One Copper Pie.
In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sender, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12 tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Banghy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussul, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although ½ ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency,) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3 6-0, viz.

Ordinary Inland Postage, ...	0	14	0
Express ditto, ...	2	0	0
Steam ditto, ...	0	8	0
Total Rs.	3	6	0

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18. No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

L. J. H. GREY,
Post Master General.

BEACON IN TORRES STRAIT.

The following Notice is published, in conformity with the instructions of Government, for general information.

By order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secretary.*

Fort William, the 17th July, 1845.

Hydrographic Office, Admiralty, April 1st, 1845.

NOTICE TO MARINERS.

TORRES STRAIT,

Beacon on the Great Barrier Reef.

Her Majesty's Government having directed that a lofty and substantial Beacon of Stone should be built on one of the rocks of the Great Barrier Reef, for the guidance of Vessels bound through Torres Strait; and Captain Blackwood, of H.M.S. Fly, having selected Raine Island for that purpose, and having recently reported that the Beacon had been completed, the following notice of it is now published for the benefit of seamen.

The Beacon is of a circular form, 30 feet in diameter at the base, and 27 feet at the top; the building is 64 feet in height, and at low water it stands 75 feet above the level of the sea. It is painted with alternate red and white vertical stripes; and in clear weather it is visible from a ship's deck at the distance of 8 or 9 miles, but from the mast head, at 12 or 13 miles. Its lat. is 11° 35′ S. and long. 144° 6′ E. of Greenwich.

Raine Island is in the middle of an opening, of about 8 miles in breadth, through the outer Barrier Reef; no bottom is found with 125 fathoms in any part of this opening, nor close up to the island, which is a low and narrow coral rock about quarter of a mile in length. Though without water, it carries a coarse green vegetation, while Pandora Islet, which is 8 miles farther to the northward, in lat. 11° 27′ S. is a bare bank of sand.

The extreme points of the reefs which form the above opening bear from the Beacon N.N.E.½E. and S.S.E.½E. by compass. The time of high water at full and change is 10 o'Clock; the rise at ordinary springs about 10 feet; and the strength of the tide sometimes amounts to 2 knots. The flood comes in from the eastward and there is a general current of about a knot, setting to the northward, (or to leeward) along the face of the reef. The variation of the compass is 4° 30′ E.

A vessel coming from the southward, and intending to penetrate the Barrier by Raine Island, should be pretty certain of her latitude; and when running in to the westward towards the reefs, she should so shape her course as to make the Beacon well on the starboard bow, in order to allow for the northerly current.

When the Beacon is clearly made out the island will soon be seen and may be passed on either hand, as both channels are 2½ miles wide. The southern channel will be the most convenient, but the reef, which projects a good mile from the S.E. end of the island, must be avoided.

When the island is passed, a S.W. by W. ½ W. course by compass will lead through a wide opening in the second line of reefs, and the Hardy Islands will soon be seen, as their distance from Raine Island is about 40 miles. Some scattered coral heads will however have to be passed, for which a good look out should be kept; and it is recommended to all vessels, which have to run to the westward among these coral patches, to do so in the morning, before the sun passes much to the westward of the meridian, as the patches may then be distinctly seen from the mast head, or from the fore yard, at both of which places a careful look out man should be stationed.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October,* 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course

of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

* Drinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

XIII. XIV. Provided always and it is hereby enacted, that nothing in this Act contained shall prevent the said Superintendant or Acting Superintendant from deciding summarily in cases in which he was empowered to decide summarily before the passing of this Act.

XV. And it is hereby enacted, that every finding and sentence of such Court as aforesaid shall be subject to the approval and revision of the said Superintendant or Acting Superintendant and of the Governor or Deputy Governor of Bengal, and that no such finding or sentence shall be considered final or conclusive until it has been submitted to and approved by the said Superintendant or Acting Superintendant and by the Governor or Deputy Governor of Bengal who are hereby empowered to alter or revise such finding or sentence in such manner as to them shall appear proper, or to send back such finding to the same Court for revision, or to remit any part or the whole of such sentence as they shall think fit, and that every such sentence either of dismissal from the service or of loss of rank or pay upon being confirmed or altered by the said Governor or Deputy Governor of Bengal, and the said Superintendant or Acting Superintendant of Marine, shall be considered valid and effectual from the date of such confirmation or alteration, and shall be forthwith carried into effect.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

BEACON IN TORRES STRAIT.

The following Notice is published, in conformity with the instructions of Government, for general information.

By order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secretary.*

Fort William, the 17th July, 1845.

Hydrographic Office, Admiralty, April 1st, 1845.

NOTICE TO MARINERS.

TORRES STRAIT,

Beacon on the Great Barrier Reef.

Her Majesty's Government having directed that a lofty and substantial Beacon of Stone should be built on one of the rocks of the Great Barrier Reef, for the guidance of Vessels bound through Torres Strait; and Captain Blackwood, of H.M.S. Fly, having selected Raine Island for that purpose, and having recently reported that the Beacon had been completed, the following notice of it is now published for the benefit of seamen.

The Beacon is of a circular form, 30 feet in diameter at the base, and 27 feet at the top; the building is 64 feet in height, and at low water it stands 75 feet above the level of the sea. It is painted with alternate red and white vertical stripes; and in clear weather it is visible from a ship's deck at the distance of 8 or 9 miles, but from the mast head, at 12 or 13 miles. Its lat. is 11° 35′ S. and long. 144° 6′ E. of Greenwich.

Raine Island is in the middle of an opening, of about 8 miles in breadth, through the outer Barrier Reef; no bottom is found with 125 fathoms in any part of this opening, nor close up to the island, which is a low and narrow coral rock about quarter of a mile in length. Though without water, it carries a coarse green vegetation, while Pandora Islet, which is 8 miles farther to the northward, in lat. 11° 27′ S. is a bare bank of sand.

The extreme points of the reefs which form the above opening bear from the Beacon N.N.E.½E. and S.S.E.½E. by compass. The time of high water at full and change is 10 o'Clock; the rise at ordinary springs about 10 feet; and the strength of the tide sometimes amounts to 2 knots. The flood comes in from the eastward and there is a general current of about a knot, setting to the northward, (or to leeward) along the face of the reef. The variation of the compass is 4° 30′ E.

A vessel coming from the southward, and intending to penetrate the Barrier by Raine Island, should be pretty certain of her latitude; and when running in to the westward towards the reefs, she should so shape her course as to make the Beacon well on the starboard bow, in order to allow for the northerly current.

When the Beacon is clearly made out the island will soon be seen and may be passed on either hand, as both channels are 2½ miles wide. The southern channel will be the most convenient, but the reef, which projects a good mile from the S.E. end of the island, must be avoided.

When the island is passed, a S.W. by W. ½ W. course by compass will lead through a wide opening in the second line of reefs, and the Hardy Islands will soon be seen, as their distance from Raine Island is about 40 miles. Some scattered coral heads will however have to be passed, for which a good look out should be kept; and it is recommended to all vessels, which have to run to the westward among these coral patches, to do so in the morning, before the sun passes much to the westward of the meridian, as the patches may then be distinctly seen from the mast head, or from the fore yard, at both of which places a careful look out man should be stationed.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated* 10*th October*, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay.	The candidate must compose a fair English Essay.
History.	He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course

of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

XIV. Provided always and it is hereby enacted, that nothing in this Act contained shall prevent the said Superintendant or Acting Superintendant from deciding summarily in cases in which he was empowered to decide summarily before the passing of this Act.

XV. And it is hereby enacted, that every finding and sentence of such Court as aforesaid shall be subject to the approval and revision of the said Superintendant or Acting Superintendant and of the Governor or Deputy Governor of Bengal, and that no such finding or sentence shall be considered final or conclusive until it has been submitted to and approved by the said Superintendant or Acting Superintendant and by the Governor or Deputy Governor of Bengal who are hereby empowered to alter or revise such finding or sentence in such manner as to them shall appear proper, or to send back such finding to the same Court for revision, or to remit any part or the whole of such sentence as they shall think fit, and that every such sentence either of dismissal from the service or of loss of rank or pay upon being confirmed or altered by the said Governor or Deputy Governor of Bengal, and the said Superintendant or Acting Superintendant of Marine, shall be considered valid and effectual from the date of such confirmation or alteration, and shall be forthwith carried into effect.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4 The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay.	The candidate must compose a fair English Essay.
History.	He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.
General Literature.	He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.
Mathematics.	He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.
Natural Philosophy.	He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.
Vernacular Essay.	He must write a fair essay in the Vernacular.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

ACT No. —— OF 1845.

An Act for establishing a Court for the trial of Pilots accused of breach of duty.

I. It is hereby enacted, that from and after the day of , if any person employed in the Pilot Service of the East India Company, at the Presidency of Fort William in Bengal, shall be accused of having committed any breach of duty while engaged in such Service, and it shall appear to the Superintendant or Acting Superintendant of Marine, that such person ought to be brought to trial for such breach of duty, such person shall be brought to trial before a Court, consisting of a President and two Branch Pilots, with whom shall be joined, whenever it may be practicable, four Commanders of British Ships lying in the River Hooghly, and two Merchants of Calcutta.

II. And it is hereby enacted, that the said President shall be such person as shall be, from time to time as occasion may require, appointed for that purpose by the Governor of Bengal.

III. And it is hereby enacted, that whenever it shall appear to such Superintendant or Acting Superintendant of Marine, that any person employed in the said Pilot Service ought to be brought to trial before such Court, the said Superintendant or Acting Superintendant shall convene such Court by giving notice to the said President, and Summoning by writing under his hand any two Branch Pilots of the East India Company's Service, and any four Commanders of British Ships lying in the River Hooghly, and any two Merchants of Calcutta, to appear at a time and place to be specified in such writing for the purpose of holding such trial. Provided always that every Court to be held under this Act, shall consist of the President, and at least four Members, and that the decision shall in every case be according to the votes of the majority, and that in case of equality of votes the President shall have a casting vote.

IV. And it is hereby enacted, that if any person so Summoned, as aforesaid, shall neglect or refuse to attend in pursuance thereof, or to remain in attendance to the end of such trial without sufficient cause, then it shall be lawful for the said Superintendant or Acting Superintendant of Marine to impose such fine upon such person as to him shall appear proper, not exceeding the sum of Rupees 200 for every such default, and every Justice of the Peace for the Town of Calcutta is hereby authorized and required upon representation made to him in writing and signed by the said Superintendant, or Acting Superintendant, to enforce the payment of such fine in like manner as if such fine had been imposed by himself.

V. And it is hereby enacted, that the proceedings before such Court shall be conducted on the part of Government by such person as the Governor of Bengal shall from time to time appoint to act as Judge Advocate in the said Court.

VI. And it is hereby enacted, that it shall be lawful for the said Superintendant or Acting Superintendant of Marine, and he is hereby authorized and required either at the request of the party accused, or of the party making the accusation, or of the said Court, by writing under his hand to Summon any person whatsoever, to attend as a witness at a time and place to be specified in such Summons for the purpose of being examined at any trial before a Court constituted as aforesaid, or if such person shall be about to depart from Calcutta, so as to be unable to attend at such trial without serious inconvenience, then to be examined before the President of the said Court, and any two Members of the said Court, provided always that due notice of the time and place of such examination shall be given to the person against whom a charge is about to be preferred, and provided also, that such witness may nevertheless be examined at the trial if he shall be able to attend thereat in which case his examination may also be read at the trial.

VII. And it is hereby enacted, that every witness duly Summoned to attend any such Court or President and two Members, shall during his necessary attendance on such Court or President and two Members, and in going to and returning from the same, be privileged from arrest, and shall,

if arrested in breach of such privilege, be discharged by such Court or President and two Members, or by the Supreme Court, or any Judge thereof, according as the case shall require, upon its being made to appear to such Court or President and two Members constituted by this Act, or to such Supreme Court, or Judge, by affidavit in a summary way that such witness was arrested in going to or returning from or attending upon such Court or President and two Members constituted by this Act, and that every witness so duly Summoned to attend as aforesaid, who shall not attend on such Court or President and two Members, or who attending shall refuse to give evidence on Oath or Solemn Affirmation or Declaration, or to answer all such questions as the Court or President and two Members may legally demand, shall be liable to be attached in the Supreme Court, upon complaint made, in like manner as if such witness had neglected to attend on any trial in such Supreme Court.

VIII. And it is hereby enacted, that every Member assisting at every such Court before the commencement of any proceeding, to be had before it shall take the following Oath upon the Holy Evangelists, which Oath shall be administered by the President of such Court to the other Members thereof, and to the President by any Member who has taken the said Oath, that is to say,

"I do swear that I will duly determine and administer justice according to the evidence in the matter that shall be brought before me. So help me God."

IX. And it is hereby enacted, that every witness before any such Court or President and two Members shall be examined upon Oath, which such Courts and President and two Members are hereby authorized to administer. Provided always that in all cases wherein a Solemn Declaration or Affirmation would be allowed in Her Majesty's Courts of Judicature to be substituted for an Oath, the said Court or President and two Members constituted by this Act, shall substitute such Solemn Declaration or Affirmation for an Oath.

X. And it is hereby enacted, that any person wilfully and knowingly giving false testimony on Oath or Solemn Declaration or Affirmation in any case in which an Oath or Solemn Declaration is by this Act required to be made, shall be deemed guilty of wilful and corrupt perjury and being duly convicted, shall be liable to the pains and penalties of perjury.

XI. And it is hereby enacted, that if the party against whom a charge is preferred shall appear or shall not satisfy the Court that he has a reasonable excuse for not appearing, the said Court shall proceed to hear and determine the charges preferred by the said Superintendant or Acting Superintendant against any person or persons so employed in the Pilot Service, as aforesaid, and if such person or persons shall be found guilty by the said Court, of the breach of duty laid to his or their charge, it shall be competent to the said Court, and it is hereby required to sentence such person or persons to dismissal from the said Pilot Service, or to such other punishment by loss of rank or pay as to the said Court shall appear fit, whether or not such breach of duty be punishable under a certain Code called the Penal Code for the better order and government of the Members composing the Pilot Service, passed by order of the Right Hon'ble the Vice President in Council, 21st December 1826.

XII. Provided always and it is hereby enacted, that in all cases wherein the charge preferred before such Court is a charge of a breach of duty punishable under the said Code, the said Court shall award such punishment as is prescribed for such breach of duty in the said Code and no other.

XIII. Provided also, and it is hereby enacted, that the said Code shall remain in full force as regards the several breaches of duty therein specified, but that it shall be competent for the said Superintendant or Acting Superintendant of Marine, and he is hereby empowered in any case of breach of duty not specified in the said Code, to frame such charge as shall be applicable to the facts of the case and to prefer the same to the said Court, any thing in the said Code contained notwithstanding.

XIV. Provided always and it is hereby enacted, that nothing in this Act contained shall prevent the said Superintendant or Acting Superintendant from deciding summarily in cases in which he was empowered to decide summarily before the passing of this Act.

XV. And it is hereby enacted, that every finding and sentence of such Court as aforesaid shall be subject to the approval and revision of the said Superintendant or Acting Superintendant and of the Governor or Deputy Governor of Bengal, and that no such finding or sentence shall be considered final or conclusive until it has been submitted to and approved by the said Superintendant or Acting Superintendant and by the Governor or Deputy Governor of Bengal who are hereby empowered to alter or revise such finding or sentence in such manner as to them shall appear proper, or to send back such finding

to the same Court for revision, or to remit any part or the whole of such sentence as they shall think fit, and that every such sentence either of dismissal from the service or of loss of rank or pay upon being confirmed or altered by the said Governor or Deputy Governor of Bengal, and the said Superintendant or Acting Superintendant of Marine, shall be considered valid and effectual from the date of such confirmation or alteration, and shall be forthwith carried into effect.

XVI. And it is hereby enacted, that it shall be lawful for the said Superintendant or Acting Superintendant, with the consent of the Governor or Deputy Governor of Bengal, expressed in writing under his hand from time to time to make such Rules for conducting the Proceedings and regulating the practice of the said Courts, and for carrying into effect the purposes of this Act as to the said Superintendant or Acting Superintendant shall seem expedient, and all such Rules shall be submitted to the Governor General in Council immediately upon the making thereof, and every such Rule shall have full effect after it shall have been confirmed by the Governor General in Council and not before.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India, after the 26th day of September next.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October,* 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

ORDERS BY THE RIGHT HON'BLE THE GOVERNOR OF BENGAL.

FORT WILLIAM,
THE 6TH AUGUST, 1845.

The Governor of Bengal directs that the following Extract, para. 3, of a Dispatch from the Hon'ble Court of Directors, in the Judicial Department, No. 9 of 1845, be published for the information and guidance of the Officers of the Government:

"You have brought to our notice that this "Gentleman has been so ill advised as to print "and circulate the Memorial on the subject, "which he has addressed to us, together with "copies of official documents therein referred to. "The appeal thus, to a certain extent, made to "the public, on a question under reference through "the Government for our decision, is most re- "prehensible, and the publication of records to "which an Officer has access for the performance "of his duty, but not for private purposes, is a "breach of official trust, which we consider it our "duty to reprobate. That there are many exam- "ples of this practice, and that some of them "have been passed unnoticed, is an extenuation, "though not a justification in this particular case; "but we desire that you will issue such orders as "may prevent any similar irregularity hereafter."

All Members of the Public Service have full liberty to address the Hon'ble Court on the subject of their personal grievances, and to annex to their Memorials any official documents which they may consider necessary for their purpose. But the printing or circulation of such Memorials or Documents is strictly prohibited.

The Governor has entire confidence that the orders of the Hon'ble Court in this respect will not be disobeyed.

No. 257 of 1845.—The following paragraphs of a Military Letter No. 21, from the Hon'ble the Court of Directors to the Governor of Bengal, dated 11th April 1839, are published for general information:

17. It would be contrary to an established principle of the Service, that the State should pay twice for the performance of the duties of one Office, we are therefore under the necessity of declining to alter the Regulation under which the privilege to Officers Commanding Divisions of continuing to receive their allowances when absent from their Commands within their respective Presidencies for a limited period was granted upon the condition that no additional expense should thereby be occasioned to the State.

18. We would suggest to you that means might occasionally be found for temporarily detaching a Brigadier from a Station at which

there is a Major General present in Command, to one from which a Major General has been permitted to be absent, and that thus the necessity for appointing an additional Brigadier would be avoided.

Calcutta, 8th August, 1845. *Collr. of Govt. Customs.*

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale unopened—provided that at the time they are applied for satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October, 1844.*

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{4}{5}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October,* 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a

Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible, for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least ⅔ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least ½ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay.	The candidate must compose a fair English Essay.
History.	He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.
General Literature.	He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.
Mathematics.	He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.
Natural Philosophy.	He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.
Vernacular Essay.	He must write a fair essay in the Vernacular.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October,* 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a

Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least ⅔rds of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least ½ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
THE 16TH AUGUST, 1845.

The following Act is brought up before the Legislative Council this day—The Governor General of India in Council being desirous that no time should be lost in passing the Act.

Resolved—That the Rules requiring that all Acts of the Governor General of India in Council shall be brought up for second reading in two months, or in three months from the date of the first reading, be suspended in respect to the following proposed Act, and that it be at once passed into Law.

ACT No. XV. OF 1845.

An Act for declaring and enacting the privileges of Native Officers and Soldiers of the Armies of the three Presidencies in respect of Judicial and Revenue proceedings.

I. Whereas doubts have arisen whether the Regulation XV. of 1816 of the Bengal Code is still in force, or how much, if any, of its provisions is still in force:

It is therefore hereby declared and enacted, that the said Regulation and every provision thereof are still in force.

II. And whereas by virtue of Regulation VIII. of 1817 of the Madras Code, the Law for the Madras Army is the same as the Law hereinbefore declared and enacted for the Bengal Army, and whereas it is expedient and just that the Law should be the same for the Bombay Army also:

It is therefore hereby enacted, that the said Regulation of the Bengal Code is extended to the Army of Bombay, except in so far as any of its provisions may be in their own nature inapplicable to that Army.

III. And whereas it is just and reasonable to extend the privileges conferred upon Native Officers and Soldiers by the Regulations aforesaid in respect of exemption from Stamps in legal proceedings:

It is hereby enacted, that all the Courts of the East India Company shall receive Plaints in original Suits, not being Suits originating in Loans or in pecuniary transactions of a Commercial nature upon unstamped paper when the plaintiff is a Native Officer or Soldier in the Military Establishment of the Presidency of Fort William, Fort St. George, or Bombay.

IV. Provided that the value of any Stamp from which a plaintiff may be exempted by the last preceding Section shall be charged in the Decree on behalf of Government to the Party cast or to the Parties respectively in such proportions as may be deemed equitable.

V. And it is hereby enacted, that if any Native Officer or Soldier shall institute a Suit under this Act in which he is not bona fide interested or not interested to the extent alleged in the Plaint, for the purpose of enabling some other person to avail himself fraudulently of the advantages conferred by this Act, such Native Officer or Soldier shall be liable to a fine not exceeding five times the value of the stamped paper which the party interested would have required for the institution of the Suit otherwise than under this Act, such fine to be levied in the manner prescribed for the execution of decrees.

VI. And whereas by Section IV. of Act IV. of 1840 it is enacted, that if any party shall complain to a Magistrate or other Officer exercising the powers of a Magistrate, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependant Talookdar, Farmer, Under-Farmer, Ryot, or otherwise, the Magistrate or other Officer as aforesaid shall require the parties complained against, and any other parties concerned to appear and make defence in person or by Agent within a reasonable time; and if after the examination of the necessary witnesses and documents the complaint appears to him to be substantiated, he shall record a proceeding ordering the party complaining to be put again into possession of the subject of dispute and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession:

And whereas it is just that when the party complaining is a Native Officer or Soldier, a longer period than one month from the time of dispossession should be allowed for preferring his claim:

It is therefore hereby enacted, that so much of the above recited Section of Act IV. of 1840, as provides that no such order as is therein mentioned shall be passed unless the party complaining of having been dispossessed in the manner therein mentioned prefer his claim within one month from the time of such dispossession, is repealed so far as regards complaints preferred by Native Officers or Soldiers.

VII. And it is hereby enacted, that no such order as is mentioned in the above recited Section of Act

IV. of 1840 shall be passed, when the party complaining of having been dispossessed is a Native Officer or Soldier unless such party prefer his claim within such period as may be considered by the Magistrate reasonable with reference to the distance of the party and the difficulty of communication.

The following Act, passed by the Governor General of India in Council on the 16th of August 1845, is hereby promulgated for general information:

ACT No. XVI. OF 1845.

An Act for regulating the re-admission of Appeals after dismissal under Act XXIX. of 1841.

Whereas the Provisions of Act XXIX. of 1841 are inconveniently severe as regards Appeals and it is expedient to mitigate the strictness thereof:—

I. It is therefore hereby enacted, that whenever an Appeal in any of the Courts of the East India Company in the Presidencies of Bengal or Madras, shall after the passing of this Act have been dismissed under the Provisions of the said Act XXIX. of 1841; it shall be competent to the Court which shall have dismissed such Appeal to re-admit the same if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions, within three months after the Appeal shall have been dismissed if dismissed by the Sudder Court, and within one month after the Appeal shall have been dismissed if dismissed by any other Court, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakeel or by unavoidable accident.

II. And it is hereby enacted, that it shall be competent to any of the said Courts to re-admit any Appeal which may have been dismissed before the passing of this Act under the Provisions of Act XXIX. of 1841 if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions, within three months after the passing of this Act, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakeel or by unavoidable accident.

III. Provided always and it is hereby enacted, that no Appeal which has been re-admitted under this Act, and again dismissed under the Provisions of Act XXIX. of 1841, shall be again re-admitted.

The following Act, passed by the Governor General of India in Council on the 16th of August 1845, is hereby promulgated for general information:

ACT No. XVII. OF 1845.

An Act for the better enforcement of the attendance of Witnesses in the Courts of the Moonsiffs, within the Presidency of Fort William in Bengal.

I. It is hereby enacted, that Clauses 1 and 2, Section XXXI. and Clause 1, Section XXXII. of Regulation XXIII. of 1814, of the Bengal Code, are repealed.

II. And it is hereby enacted, that within the Territories subject to the Presidency of Fort William in Bengal, if any Moonsiff shall require the evidence of a person not within his local jurisdiction, and such person shall not attend at the requisition of the parties, the Moonsiff shall issue the necessary process for procuring the attendance of such person and send the same to the Moonsiff within whose local jurisdiction such person is, who shall endorse such process and cause it to be duly served and executed.

III. And it is hereby enacted, that within the said Territories all powers now exercised by Zillah Judges for enforcing the attendance of any person upon whom a summons to appear as a witness has been duly served, and who has failed to attend in their Courts, shall from and after the passing of this Act, be exercised by Moonsiffs for enforcing the attendance of any person upon whom a summons to appear as a witness has been duly served, and who has failed to attend in their Courts.—Provided that all orders passed by Moonsiffs under this Act shall be subject to an appeal to the Zillah or City Judge, whose decision thereon shall be final.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
THE 16TH AUGUST, 1845.

The following Draft of a proposed Act was read in Council for the first time on the 16th of August 1845.

ACT No. —— OF 1845.

An Act for the establishment and maintenance of field boundary marks in the Presidency of Bombay.

Whereas it is desirable, with a view to the better definition and security of landed property, the prevention of encroachments and disputes, and the identification of lands assessed to, or exempted from, the public revenue, that provision should be made for the establishment and maintenance of permanent marks to distinguish the boundaries of fields:

I. It is hereby enacted, that it shall be lawful, within the territories subject to the Presidency of Bombay, for such Revenue Officers as the Governor in Council may entrust with that authority, to require that marks be erected and maintained by the Owners or Occupants on the boundaries of fields, of such materials, and in such number as may appear to such Officers sufficient for permanently distinguishing the limits of those fields.

II. And it is hereby enacted, that the requisition shall be served on the persons owning or occupying each field according to the Form A. annexed to this Act, and in the event of these persons not being found in the Village, that the said requisition shall be posted at the Village Chowree or other conspicuous place in the Village, which shall be held to be a sufficient service.

III. And it is hereby enacted, that in default of the Owners or Occupants of the fields complying with the requisition, the said Revenue Officers shall give directions for the erection and repair of such field boundary marks, the cost of which shall be equitably apportioned on the fields which they serve to distinguish, and shall be charged to the persons possessing a right of ownership or occupancy in such fields, or if there are no such persons forthcoming (or willing to defray the charge) to the revenues of the Village in which the fields are situated.

IV. And it is hereby enacted, that no person being out of possession and claiming a right of ownership or occupancy in fields, the cost of erecting or maintaining whose boundary marks has been charged to the revenues of the Village, in consequence of his neglecting to defray the same, shall have his claim allowed until he makes good all sums so charged.

V. And it is hereby enacted, that any person who may be convicted of wilfully erasing, removing, or injuring field boundary marks, shall be liable to a fine not exceeding fifty Rupees for each mark so erased, removed, or injured. one half of which fine may be awarded on conviction to the informer, and the other half shall be chargeable with the cost of restoring the mark.

VI. And it is hereby enacted, that authority for the assessment and realization of all sums due under the provisions of this Act, whether as costs or penalties, shall be vested in the Revenue Officers authorized to provide for the erection and maintenance of field boundary marks, and shall be exercised by them in conformity with the rules prescribed for the assessment and realization of Revenue demands in general, and that the proceedings of those Officers in all such matters shall be recorded in writing, and shall be subject to appeal to the Revenue authorities to whom they are subordinate.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 16th day of November next.

G. A. BUSHBY,
Secy. to the Govt. of India.

3. Money rations will cease to be drawn in Scinde. The Troops in that Province will be entitled to compensation whenever the price of provisions forming the Native Soldier's diet shall exceed 3-8, the aggregate of the rates for the several Articles as laid down in the General Order of the 26th February 1824.

6. The Lines of the Troops in Scinde will continue to be erected at the public charge.

7. The Governor General in Council in consideration of the active nature of the service performed by the Bengal Irregular Cavalry serving in Scinde, is pleased to direct that all Sowars of Regiments of Irregular Cavalry belonging to the Bengal Establishment, shall receive whilst serving in Scinde, 30 Rupees a month instead of 27 Rupees.

8. The additional Allowance to the Troops serving in Scinde will commence from the date of their passing the Frontier of the Bawalpore Territory.

FORT WILLIAM, 15TH AUGUST, 1845.

No. 261 B. of 1845.—The Right Honorable the Governor General of India in Council having considered the expenses to which the Native Troops of the Bengal Army are liable, 1st, in the erection of Huts on the formation of new Lines; or 2dly, in repairing those of which they take possession on changing their Stations in the ordinary course of Relief, is pleased to resolve, that in the former case the full Hutting Allowance shall be granted; and in the 2d case the Half Hutting Allowance, according to the annexed scale, which includes all persons on the Permanent Establishment of Corps who, by existing Regulations, are entitled to draw Batta.

2. In order that the Troops may receive their Allowances without delay on arriving at their new Lines, Officers Commanding Corps on receiving the order to march are directed to cause their Quarter Masters to transmit Bills for the Hutting Allowance which the Commanding Officer will countersign, for the Established Strength of the Regiment addressed to the Deputy Pay Master of the Division, who, if he is satisfied of the accuracy of the Bills, will cash them. They will then be submitted to the Military Auditor General for examination.

3. On the departure of any Corps from a Station, should the whole of the Hutting Allowance which has been received, not have been distributed, the difference shall be lodged by the Quarter Master with the Deputy Pay Master, who will credit the same to Government in the usual manner.

4. In cases of Relief, whenever the Regiment taking up the Lines shall require greater accommodation than the Regiment vacating them, full Hutting Money will be granted to such men as are forced to build new Huts, on a Certificate to that effect being furnished by the Commanding Officer and Quarter Master.

5. If a Corps or Detachment, on vacating its Line, shall wilfully damage the Huts, such Corps or Detachment will not be entitled to the indulgence granted by this Order on reaching its new Station; but will be liable to forfeit the advantage during as many subsequent Reliefs as in the opinion of the Government the case may demand.

6. Hutting Money will not be granted when a Corps or a part of a Corps has been detached from the Head-Quarters of the Regiment and shall return to its former Station having been absent for a period less than six months. No Allowance will be granted for Huts which may be erected in temporary situations.

7. It is clearly to be understood that this boon has been granted solely with the view of aiding the Soldier to meet this expense. The allowance will be strictly appropriated for this purpose, and it will be the duty of Reviewing Officers vigilantly to carry into effect at their Annual Inspections such instructions as His Excellency the Commander in Chief may be pleased to issue for the preservation and cleanliness of the Regimental Lines.

POST OFFICE NOTIFICATION.

P. and O. Steamers.

THE Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

On every letter not exceeding ½ an ounce in weight, ...8 As. or one Shilling.
On ditto above ½ oz. and not exceeding one ounce, ...1 R. or two ditto.
On ditto above 1 oz and not exceeding two ounces, ...2 Rs. or four ditto.
On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Hon'ble Company's currency, are recommended as the best substitutes:

In lieu of ½ an ounce..... One Rupee and One Copper Pie.
In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sender, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12 tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Banghy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussul, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although ½ ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency,) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3-6-0, viz.

Ordinary Inland Postage, ...	0	14	0
Express ditto, ...	2	0	0
Steam ditto, ...	0	8	0
Total Rs.	3	6	0

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18. No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

L. J. H. GREY,
Post Master General.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

SATURDAY, AUGUST 23, 1845.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
THE 16TH AUGUST, 1845.

The following Act is brought up before the Legislative Council this day—The Governor General of India in Council being desirous that no time should be lost in passing the Act.

Resolved—That the Rules requiring that all Acts of the Governor General of India in Council shall be brought up for second reading in two months, or in three months from the date of the first reading, be suspended in respect to the following proposed Act, and that it be at once passed into Law.

ACT No. XV. OF 1845.

An Act for declaring and enacting the privileges of Native Officers and Soldiers of the Armies of the three Presidencies in respect of Judicial and Revenue proceedings.

I. Whereas doubts have arisen whether the Regulation XV. of 1816 of the Bengal Code is still in force, or how much, if any, of its provisions is still in force:

It is therefore hereby declared and enacted, that the said Regulation and every provision thereof are still in force.

II. And whereas by virtue of Regulation VIII. of 1817 of the Madras Code, the Law for the Madras Army is the same as the Law hereinbefore declared and enacted for the Bengal Army, and whereas it is expedient and just that the Law should be the same for the Bombay Army also:

It is therefore hereby enacted, that the said Regulation of the Bengal Code is extended to the Army of Bombay, except in so far as any of its provisions may be in their own nature inapplicable to that Army.

III. And whereas it is just and reasonable to extend the privileges conferred upon Native Officers and Soldiers by the Regulations aforesaid in respect of exemption from Stamps in legal proceedings:

It is hereby enacted, that all the Courts of the East India Company shall receive Plaints in original Suits, not being Suits originating in Loans or in pecuniary transactions of a Commercial nature upon unstamped paper when the plaintiff is a Native Officer or Soldier in the Military Establishment of the Presidency of Fort William, Fort St. George, or Bombay.

IV. Provided that the value of any Stamp from which a plaintiff may be exempted by the last preceding Section shall be charged in the Decree on behalf of Government to the Party cast or to the Parties respectively in such proportions as may be deemed equitable.

V. And it is hereby enacted, that if any Native Officer or Soldier shall institute a Suit under this Act in which he is not bona fide interested or not interested to the extent alleged in the Plaint, for the purpose of enabling some other person to avail himself fraudulently of the advantages conferred by this Act, such Native Officer or Soldier shall be liable to a fine not exceeding five times the value of the stamped paper which the party interested would have required for the institution of the Suit otherwise than under this Act, such fine to be levied in the manner prescribed for the execution of decrees.

VI. And whereas by Section IV. of Act IV. of 1840 it is enacted, that if any party shall complain to a Magistrate or other Officer exercising the powers of a Magistrate, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependant Talookdar, Farmer, Under-Farmer, Ryot, or otherwise, the Magistrate or other Officer as aforesaid shall require the parties complained against, and any other parties concerned to appear and make defence in person or by Agent within a reasonable time; and if after the examination of the necessary witnesses and documents the complaint appears to him to be substantiated, he shall record a proceeding ordering the party complaining to be put again into possession of the subject of dispute and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession:

And whereas it is just that when the party complaining is a Native Officer or Soldier, a longer period than one month from the time of dispossession should be allowed for preferring his claim:

It is therefore hereby enacted, that so much of the above recited Section of Act IV. of 1840, as provides that no such order as is therein mentioned shall be passed unless the party complaining of having been dispossessed in the manner therein mentioned prefer his claim within one month from the time of such dispossession, is repealed so far as regards complaints preferred by Native Officers or Soldiers.

VII. And it is hereby enacted, that no such order as is mentioned in the above recited Section of Act

IV. of 1840 shall be passed, when the party complaining of having been dispossessed is a Native Officer or Soldier unless such party prefer his claim within such period as may be considered by the Magistrate reasonable with reference to the distance of the party and the difficulty of communication.

LEGISLATIVE.

The following Act, passed by the Governor General of India in Council on the 16th of August 1845, is hereby promulgated for general information:

ACT No. XVI. OF 1845.

An Act for regulating the re-admission of Appeals after dismissal under Act XXIX. of 1841.

Whereas the Provisions of Act XXIX. of 1841 are inconveniently severe as regards Appeals and it is expedient to mitigate the strictness thereof:—

I. It is therefore hereby enacted, that whenever an Appeal in any of the Courts of the East India Company in the Presidencies of Bengal or Madras, shall after the passing of this Act have been dismissed under the Provisions of the said Act XXIX. of 1841, it shall be competent to the Court which shall have dismissed such Appeal to re-admit the same if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions, within three months after the Appeal shall have been dismissed if dismissed by the Sudder Court, and within one month after the Appeal shall have been dismissed if dismissed by any other Court, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakeel or by unavoidable accident.

II. And it is hereby enacted, that it shall be competent to any of the said Courts to re-admit any Appeal which may have been dismissed before the passing of this Act under the Provisions of Act XXIX. of 1841 if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions, within three months after the passing of this Act, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakeel or by unavoidable accident.

III. Provided always and it is hereby enacted, that no Appeal which has been re-admitted under this Act, and again dismissed under the Provisions of Act XXIX. of 1841, shall be again re-admitted.

The following Act, passed by the Governor General of India in Council on the 16th of August 1845, is hereby promulgated for general information:

ACT No. XVII. OF 1845.

An Act for the better enforcement of the attendance of Witnesses in the Courts of the Moonsiffs, within the Presidency of Fort William in Bengal.

I. It is hereby enacted, that Clauses 1 and 2, Section XXXI. and Clause 1, Section XXXII. of Regulation XXIII. of 1814, of the Bengal Code, are repealed.

II. And it is hereby enacted, that within the Territories subject to the Presidency of Fort William in Bengal, if any Moonsiff shall require the evidence of a person not within his local jurisdiction, and such person shall not attend at the requisition of the parties, the Moonsiff shall issue the necessary process for procuring the attendance of such person and send the same to the Moonsiff within whose local jurisdiction such person is, who shall endorse such process and cause it to be duly served and executed.

III. And it is hereby enacted, that within the said Territories all powers now exercised by Zillah Judges for enforcing the attendance of any person upon whom a summons to appear as a witness has been duly served, and who has failed to attend in their Courts, shall from and after the passing of this Act, be exercised by Moonsiffs for enforcing the attendance of any person upon whom a summons to appear as a witness has been duly served, and who has failed to attend in their Courts.—Provided that all orders passed by Moonsiffs under this Act shall be subject to an appeal to the Zillah or City Judge, whose decision thereon shall be final.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
THE 16TH AUGUST, 1845.

The following Draft of a proposed Act was read in Council for the first time on the 16th of August 1845.

ACT No. —— OF 1845.

An Act for the establishment and maintenance of field boundary marks in the Presidency of Bombay.

Whereas it is desirable, with a view to the better definition and security of landed property, the prevention of encroachments and disputes, and the identification of lands assessed to, or exempted from, the public revenue, that provision should be made for the establishment and maintenance of permanent marks to distinguish the boundaries of fields:

I. It is hereby enacted, that it shall be lawful, within the territories subject to the Presidency of Bombay, for such Revenue Officers as the Governor in Council may entrust with that authority, to require that marks be erected and maintained by the Owners or Occupants on the boundaries of fields, of such materials, and in such number as may appear to such Officers sufficient for permanently distinguishing the limits of those fields.

II. And it is hereby enacted, that the requisition shall be served on the persons owning or occupying each field according to the Form A. annexed to this Act, and in the event of these persons not being found in the Village, that the said requisition shall be posted at the Village Chowree or other conspicuous place in the Village, which shall be held to be a sufficient service.

III. And it is hereby enacted, that in default of the Owners or Occupants of the fields complying with the requisition, the said Revenue Officers shall give directions for the erection and repair of such field boundary marks, the cost of which shall be equitably apportioned on the fields which they serve to distinguish, and shall be charged to the persons possessing a right of ownership or occupancy in such fields, or if there are no such persons forthcoming (or willing to defray the charge) to the revenues of the Village in which the fields are situated.

IV. GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 16*th August*, 1845.

No. 272 of 1845.—The following Act passed by the Right Hon'ble the Governor General of India in Council in the Legislative Department, under this day's date, is published for general information.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
THE 16TH AUGUST, 1845.

ACT No. XV. OF 1845.

An Act for declaring and enacting the privileges of Native Officers and Soldiers of the Armies of the three Presidencies in respect of Judicial and Revenue proceedings.

I. Whereas doubts have arisen whether the Regulation XV. of 1816 of the Bengal Code is still in force, or how much, if any, of its provisions is still in force:

It is therefore hereby declared and enacted that the said Regulation and every provision thereof are still in force.

II. And whereas by virtue of Regulation VIII. of 1817 of the Madras Code, the Law for the Madras Army is the same as the Law hereinbefore declared and enacted for the Bengal Army, and whereas it is expedient and just that the Law should be the same for the Bombay Army also:

It is therefore hereby enacted, that the said Regulation of the Bengal Code is extended to the Army of Bombay, except in so far as any of its provisions may be in their own nature inapplicable to that Army.

III. And whereas it is just and reasonable to extend the privileges conferred upon Native Officers and Soldiers by the Regulations aforesaid in respect of exemption from Stamps in legal proceedings:

It is hereby enacted, that all the Courts of the East India Company shall receive Plaints in original Suits, not being Suits originating in Loans or in pecuniary transactions of a Commercial nature upon unstamped paper when the plaintiff is a Native Officer or Soldier in the Military Establishment of the Presidency of Fort William, Fort St. George, or Bombay.

IV. Provided that the value of any Stamp from which a plaintiff may be exempted by the last preceding Section shall be charged in the Decree on behalf of Government to the Party cast or to the Parties respectively in such proportions as may be deemed equitable.

V. And it is hereby enacted, that if any Native Officer or Soldier shall institute a Suit under this Act in which he is not bona fide interested or not interested to the extent alleged in the Plaint, for the purpose of enabling some other person to avail himself fraudulently of the advantages conferred by this Act, such Native Officer or Soldier shall be liable to a fine not exceeding five times the value of the stamped paper which the party interested would have required for the institution of the Suit otherwise than under this Act, such fine to be levied in the manner prescribed for the execution of decrees.

VI. And whereas by Section IV. of Act IV. of 1840 it is enacted, that if any party shall complain to a Magistrate or other Officer exercising the powers of a Magistrate, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependant Talookdar, Farmer, Under-Farmer, Ryot, or otherwise, the Magistrate or other Officer as aforesaid shall require the parties complained against, and any other parties concerned to appear and make defence in person or by Agent within a reasonable time; and if after the examination of the necessary witnesses and documents the complaint appears to him to be substantiated, he shall record a proceeding ordering the party complaining to be put again into possession of the subject of dispute and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer

his claim within one month from the time of such dispossession:

And whereas it is just that when the party complaining is a Native Officer or Soldier, a longer period than one month from the time of dispossession should be allowed for preferring his claim:

It is therefore hereby enacted, that so much of the above recited Section of Act IV. of 1840, as provides that no such order as is therein mentioned shall be passed unless the party complaining of having been dispossessed in the manner therein mentioned prefer his claim within one month from the time of such dispossession, is repealed so far as regards complaints preferred by Native Officers or Soldiers.

VII. And it is hereby enacted, that no such order as is mentioned in the above recited Section of Act IV. of 1840 shall be passed, when the party complaining of having been dispossessed is a Native Officer or Soldier unless such party prefer his claim within such period as may be considered by the Magistrate reasonable with reference to the distance of the party and the difficulty of communication.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

EDUCATION.

PUBLIC EXAMINATIONS OF 1845.

1. The examination for senior scholarships, and candidates for government employment, will be held in the Town Hall, upon the dates and at the hours specified below.

2. The proprietors and masters of the various Institutions intending to profit by the resolution of the 10th October 1844, are invited to attend the examination in order to become acquainted with the nature of the ordeal; but it is to be distinctly understood, that no visitor is to interfere in any way with the examination or hold any communication whatever with the candidates. Those masters who may wish to be present are requested to apply to the Secretary to the Council of Education for a ticket of admission, without which no one will be allowed access to the Hall.

3. All Proprietors or Head-Masters of schools, are requested to send in to the Secretary to the Council of Education, a list of the candidates intending to be present from their Institutions, at least one week before the 23rd of September, accompanied with the certificates and testimonials required by the regulations already published.

5. The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that for the present year, it has not been possible to extend the notice beyond the Government Institutions.

They would, therefore, recommend Candidates from other Institutions, to consider whether it may not be prudent for them to postpone appearing for examination until next year, when care shall be taken, to give them notice of the books or parts of books, selected for the examination.

The following are the subjects referred to:—

POETRY.—Milton's Paradise Lost; Shakespere's Hamlet, Lear, Othello and Macbeth; and Gray's Poems as far as they are contained in Richardson's Selections.

PROSE.—The first four volumes of the Spectator, and Bacon's Essays.

HISTORY.—The History of England from the reign of Henry the 7th to the Revolution of 1688. The 3rd Book of Mill's History of India, and Macfarlane's Indian Empire.

6. The following are the days fixed for the examinations, which will commence daily at 10 A. M precisely, and all answers must be given in at or before 5 P. M. Candidates are recommended to be in attendance a quarter of an hour earlier, in order that no time may be lost in taking their places, &c.

7. In consequence of the great additional importance acquired by the Senior Scholarship Examination, and of the competition being no longer limited to the Students in the Government Colleges, it has become necessary to afford the best possible guarantee to the public and the Government of the results being fully, fairly, and impartially reported. The papers will therefore be examined by the following Gentlemen:

9. The scholarship questions, with the most distinguished answers in English Literature, History, Science, and the best Essays, will be published for general information and distribution as soon as practicable, after the receipt of the reports.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
THE 16TH AUGUST, 1845.

The following Act is brought up before the Legislative Council this day—The Governor General of India in Council being desirous that no time should be lost in passing the Act.

Resolved—That the Rules requiring that all Acts of the Governor General of India in Council shall be brought up for second reading in two months, or in three months from the date of the first reading, be suspended in respect to the following proposed Act, and that it be at once passed into Law.

ACT No. XV. OF 1845.

An Act for declaring and enacting the privileges of Native Officers and Soldiers of the Armies of the three Presidencies in respect of Judicial and Revenue proceedings.

I. Whereas doubts have arisen whether the Regulation XV. of 1816 of the Bengal Code is still in force, or how much, if any, of its provisions is still in force:

It is therefore hereby declared and enacted, that the said Regulation and every provision thereof are still in force.

II. And whereas by virtue of Regulation VIII. of 1817 of the Madras Code, the Law for the Madras Army is the same as the Law hereinbefore declared and enacted for the Bengal Army, and whereas it is expedient and just that the Law should be the same for the Bombay Army also:

It is therefore hereby enacted, that the said Regulation of the Bengal Code is extended to the Army of Bombay, except in so far as any of its provisions may be in their own nature inapplicable to that Army.

III. And whereas it is just and reasonable to extend the privileges conferred upon Native Officers and Soldiers by the Regulations aforesaid in respect of exemption from Stamps in legal proceedings:

It is hereby enacted, that all the Courts of the East India Company shall receive Plaints in original Suits, not being Suits originating in Loans or in pecuniary transactions of a Commercial nature upon unstamped paper when the plaintiff is a Native Officer or Soldier in the Military Establishment of the Presidency of Fort William, Fort St. George, or Bombay.

IV. Provided that the value of any Stamp from which a plaintiff may be exempted by the last preceding Section shall be charged in the Decree on behalf of Government to the Party cast or to the Parties respectively in such proportions as may be deemed equitable.

V. And it is hereby enacted, that if any Native Officer or Soldier shall institute a Suit under this Act in which he is not bona fide interested or not interested to the extent alleged in the Plaint, for the purpose of enabling some other person to avail himself fraudulently of the advantages conferred by this Act, such Native Officer or Soldier shall be liable to a fine not exceeding five times the value of the stamped paper which the party interested would have required for the institution of the Suit otherwise than under this Act, such fine to be levied in the manner prescribed for the execution of decrees.

VI. And whereas by Section IV. of Act IV. of 1840 it is enacted, that if any party shall complain to a Magistrate or other Officer exercising the powers of a Magistrate, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependant Talookdar, Farmer, Under-Farmer, Ryot, or otherwise, the Magistrate or other Officer as aforesaid shall require the parties complained against, and any other parties concerned to appear and make defence in person or by Agent within a reasonable time; and if after the examination of the necessary witnesses and documents the complaint appears to him to be substantiated, he shall record a proceeding ordering the party complaining to be put again into possession of the subject of dispute and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession:

And whereas it is just that when the party complaining is a Native Officer or Soldier, a longer period than one month from the time of dispossession should be allowed for preferring his claim:

It is therefore hereby enacted, that so much of the above recited Section of Act IV. of 1840, as provides that no such order as is therein mentioned shall be passed unless the party complaining of having been dispossessed in the manner therein mentioned prefer his claim within one month from the time of such dispossession, is repealed so far as regards complaints preferred by Native Officers or Soldiers.

VII. And it is hereby enacted, that no such order as is mentioned in the above recited Section of Act

IV. of 1840 shall be passed, when the party complaining of having been dispossessed is a Native Officer or Soldier unless such party prefer his claim within such period as may be considered by the Magistrate reasonable with reference to the distance of the party and the difficulty of communication.

Secy. to the Govt. of India.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE.

The following Act, passed by the Governor General of India in Council on the 16th of August 1845, is hereby promulgated for general information:

ACT No. XVI. OF 1845.

An Act for regulating the re-admission of Appeals after dismissal under Act XXIX. of 1841.

Whereas the Provisions of Act XXIX. of 1841 are inconveniently severe as regards Appeals and it is expedient to mitigate the strictness thereof:—

I. It is therefore hereby enacted, that whenever an Appeal in any of the Courts of the East India Company in the Presidencies of Bengal or Madras, shall after the passing of this Act have been dismissed under the Provisions of the said Act XXIX. of 1841, it shall be competent to the Court which shall have dismissed such Appeal to re-admit the same if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions, within three months after the Appeal shall have been dismissed if dismissed by the Sudder Court, and within one month after the Appeal shall have been dismissed if dismissed by any other Court, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakeel or by unavoidable accident.

II. And it is hereby enacted, that it shall be competent to any of the said Courts to re-admit any Appeal which may have been dismissed before the passing of this Act under the Provisions of Act XXIX. of 1841 if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions, within three months after the passing of this Act, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakeel or by unavoidable accident.

III. Provided always and it is hereby enacted, that no Appeal which has been re-admitted under this Act, and again dismissed under the Provisions of Act XXIX. of 1841, shall be again re-admitted.

The following Act, passed by the Governor General of India in Council on the 16th of August 1845, is hereby promulgated for general information:

ACT No. XVII. OF 1845.

An Act for the better enforcement of the attendance of Witnesses in the Courts of the Moonsiffs, within the Presidency of Fort William in Bengal.

I. It is hereby enacted, that Clauses 1 and 2, Section XXXI. and Clause 1, Section XXXII. of Regulation XXIII. of 1814, of the Bengal Code, are repealed.

II. And it is hereby enacted, that within the Territories subject to the Presidency of Fort William in Bengal, if any Moonsiff shall require the evidence of a person not within his local jurisdiction, and such person shall not attend at the requisition of the parties, the Moonsiff shall issue the necessary process for procuring the attendance of such person and send the same to the Moonsiff within whose local jurisdiction such person is, who shall endorse such process and cause it to be duly served and executed.

III. And it is hereby enacted, that within the said Territories all powers now exercised by Zillah Judges for enforcing the attendance of any person upon whom a summons to appear as a witness has been duly served, and who has failed to attend in their Courts, shall from and after the passing of this Act, be exercised by Moonsiffs for enforcing the attendance of any person upon whom a summons to appear as a witness has been duly served, and who has failed to attend in their Courts.—Provided that all orders passed by Moonsiffs under this Act shall be subject to an appeal to the Zillah or City Judge, whose decision thereon shall be final.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
THE 16TH AUGUST, 1845.

The following Draft of a proposed Act was read in Council for the first time on the 16th of August 1845.

ACT No. —— OF 1845.

An Act for the establishment and maintenance of field boundary marks in the Presidency of Bombay.

Whereas it is desirable, with a view to the better definition and security of landed property, the prevention of encroachments and disputes, and the identification of lands assessed to, or exempted from, the public revenue, that provision should be made for the establishment and maintenance of permanent marks to distinguish the boundaries of fields:

I It is hereby enacted, that it shall be lawful, within the territories subject to the Presidency of Bombay, for such Revenue Officers as the Governor in Council may entrust with that authority, to require that marks be erected and maintained by the Owners or Occupants on the boundaries of fields, of such materials, and in such number as may appear to such Officers sufficient for permanently distinguishing the limits of those fields.

II. And it is hereby enacted, that the requisition shall be served on the persons owning or occupying each field according to the Form A. annexed to this Act, and in the event of these persons not being found in the Village, that the said requisition shall be posted at the Village Chowree or other conspicuous place in the Village, which shall be held to be a sufficient service.

III. And it is hereby enacted, that in default of the Owners or Occupants of the fields complying with the requisition, the said Revenue Officers shall give directions for the erection and repair of such field boundary marks, the cost of which shall be equitably apportioned on the fields which they serve to distinguish, and shall be charged to the persons possessing a right of ownership or occupancy in such fields, or if there are no such persons forthcoming (or willing to defray the charge) to the revenues of the Village in which the fields are situated.

IV. And it is hereby enacted, that no person being out of possession and claiming a right of ownership or occupancy in fields, the cost of erecting or maintaining whose boundary marks has been charged to the revenues of the Village, in consequence of his neglecting to defray the same, shall have his claim allowed until he makes good all sums so charged.

V. And it is hereby enacted, that any person who may be convicted of wilfully erasing, removing, or injuring field boundary marks, shall be liable to a fine not exceeding fifty Rupees for each mark so erased, removed, or injured, one half of which fine may be awarded on conviction to the informer, and the other half shall be chargeable with the cost of restoring the mark.

VI. And it is hereby enacted, that authority for the assessment and realization of all sums due under the provisions of this Act, whether as costs or penalties, shall be vested in the Revenue Officers authorized to provide for the erection and maintenance of field boundary marks, and shall be exercised by them in conformity with the rules prescribed for the assessment and realization of Revenue demands in general, and that the proceedings of those Officers in all such matters shall be recorded in writing, and shall be subject to appeal to the Revenue authorities to whom they are subordinate.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 16th day of November next.

G. A. BUSHBY,
Secy. to the Govt. of India.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)

Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

5. The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that for the present year, it has not been possible to extend the notice beyond the Government Institutions.

They would, therefore, recommend Candidates from other Institutions, to consider whether it may not be prudent for them to postpone appearing for examination until next year, when care shall be taken, to give them notice of the books or parts of books, selected for the examination.

The following are the subjects referred to:—

POETRY.—Milton's Paradise Lost; Shakespere's Hamlet, Lear, Othello and Macbeth; and Gray's Poems as far as they are contained in Richardson's Selections.

PROSE.—The first four volumes of the Spectator, and Bacon's Essays.

HISTORY.—The History of England from the reign of Henry the 7th to the Revolution of 1688. The 3rd Book of Mill's History of India, and Macfarlane's Indian Empire.

6. The following are the days fixed for the examinations, which will commence daily at 10 A. M precisely, and all answers must be given in at or before 5 P. M. Candidates are recommended to be in attendance a quarter of an hour earlier, in order that no time may be lost in taking their places, &c.

7. In consequence of the great additional importance acquired by the Senior Scholarship Examination, and of the competition being no longer limited to the Students in the Government Colleges, it has become necessary to afford the best possible guarantee to the public and the Government of the results being fully, fairly, and impartially reported. The papers will therefore be examined by the following Gentlemen:

Council of Education,
August 15th, 1845.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October,* 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)

Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

2. The proprietors and masters of the various Institutions intending to profit by the resolution of the 10th October 1844, are invited to attend the examination in order to become acquainted with the nature of the ordeal; but it is to be distinctly understood, that no visitor is to interfere in any way with the examination or hold any communication whatever with the candidates. Those masters who may wish to be present are requested to apply to the Secretary to the Council of Education for a ticket of admission, without which no one will be allowed access to the Hall.

5. The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that for the present year, it has not been possible to extend the notice beyond the Government Institutions.

They would, therefore, recommend Candidates from other Institutions, to consider whether it may not be prudent for them to postpone appearing for examination until next year, when care shall be taken, to give them notice of the books or parts of books, selected for the examination.

The following are the subjects referred to:—

POETRY.—Milton's Paradise Lost; Shakespere's Hamlet, Lear, Othello and Macbeth; and Gray's Poems as far as they are contained in Richardson's Selections.

7. In consequence of the great additional importance acquired by the Senior Scholarship Examination, and of the competition being no longer limited to the Students in the Government Colleges, it has become necessary to afford the best possible guarantee to the public and the Government of the results being fully, fairly, and impartially reported. The papers will therefore be examined by the following Gentlemen:

ACCOMMODATION ON BOARD THE PILOT VESSELS.

THE following Revised Rules relative to the Accommodation of Individuals proceeding to the Sand Heads or down the River on board any of the Hon'ble Company's Pilot Vessels, having been sanctioned by Government, are now published for general information.

1st. Officers, Civil and Military, when ordered to proceed down the River on Public Service, on board a Pilot Vessel, are to notify the same to the Master Attendant, or in his absence to his Assistant, who will select the vessel with reference to the exigencies of the Service, on which such Officer shall embark. In cases, where persons, whether Public Officers, or Private Individuals, are desirous of proceeding on board a Pilot Vessel for the benefit of their health, application is to be made as above stated, accompanied by a Medical Certificate, shewing the necessity for the Party to proceed to sea, when permission will be granted by the Master Attendant or his Assistant, to repair on board such vessel as may be available. Individuals again, both in the Service and out of it, who have occasion to go on board a Pilot Vessel for purposes unconnected with their duty or health, are to make application to the Superintendent of Marine stating the purposes for which they desire the indulgence, and the time for which they are likely to be on board. The Pilots are on no account whatever to receive on board as Passengers, any Individuals who have not obtained the sanction above specified.

2nd. Individuals proceeding on board Pilot Vessels under any of the circumstances stated above, are entitled to occupy the larboard half of the after accommodation, free of other charge than that of Mess or Table Money hereafter specified. It must be understood that in all cases when in conformity with these orders the larboard cabin has been assigned to any Lady or Gentleman, no one can claim a share of such accommodation while the party by whom it was first engaged remains on board. Other parties either in or out of the Service, permitted to go on board, can only have such accommodation as the dining cabin affords, unless the Pilot

in charge should let any of them have the use of his, the starboard cabin. It is to be optional with him to allow the occupation of it except as to Officers ordered on board on duty, to whom he must give up his or the starboard half of the accommodation if required; but he is on no account to demand a greater sum for this accommodation than Eight Company's Rupees per diem for the first fourteen days, and Six Rupees for every day after, whether it be given up voluntarily or under orders.

3. Pilots in charge of vessels are to provide a suitable Table for their Passengers and are on no account to demand a larger amount for Table Money than the sums specified in the margin, and any Pilot making directly or indirectly any demand either for Table Money or Accommodation, not strictly authorized by these Regulations, besides being compelled to refund any overcharge, will be subjected to such loss of Rank or other punishment as Government, at the recommendation of the Superintendent of Marine, may award.

A Gentleman 8 Rupees per diem for the first fortnight—6 Rupees for every day afterwards

A Lady 6 Rupees per diem for the first fortnight—5 Rupees for every day afterwards

A Child 4 Rupees per diem for the first fortnight—3 Rupees for every day after

4. Warrant Officers, or other respectable parties whose means do not admit of their paying the above rates, can be accommodated and mess with the 2nd Mates and Volunteers at a charge of Two Rupees a day for the first fourteen days, and One Rupee Eight Annas for each day afterwards that they remain on board. The Branch Pilots are to see that such passengers are not charged more than these rates. Any demand of more, will subject those who prefer it, to punishment.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October,* 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. menced and carried on, and whereas in such Deed provision was made for confirming the several Acts, Deeds, Matters and Things executed and performed by the Provisional Committee in that capacity.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 8th February, 1844.

POST OFFICE NOTIFICATION.

P. and O. Steamers.

THE Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

On every letter not exceeding ½ an ounce in weight, ...8 As. or one Shilling.
On ditto above ½ oz. and not exceeding one ounce, ...1 R. or two ditto.
On ditto above 1 oz. and not exceeding two ounces, ...2 Rs. or four ditto.
On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Hon'ble Company's currency, are recommended as the best substitutes:

In lieu of ½ an ounce..... One Rupee and One Copper Pie.
In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sendor, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12 tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Banghy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussul, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although ½ ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency,) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3-6-0, viz.

Ordinary Inland Postage, ...	0	14	0
Express ditto, ...	2	0	0
Steam ditto, ...	0	8	0
Total Rs.	3	6	0

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18. No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

L. J. H. GREY,
Post Master General.

ACCOMMODATION ON BOARD THE PILOT VESSELS.

THE following Revised Rules relative to the Accommodation of Individuals proceeding to the Sand Heads or down the River on board any of the Hon'ble Company's Pilot Vessels, having been sanctioned by Government, are now published for general information.

1st. Officers, Civil and Military, when ordered to proceed down the River on Public Service, on board a Pilot Vessel, are to notify the same to the Master Attendant, or in his absence to his Assistant, who will select the vessel with reference to the exigencies of the Service, on which such Officer shall embark. In cases, where persons, whether Public Officers, or Private Individuals, are desirous of proceeding on board a Pilot Vessel for the benefit of their health, application is to be made as above stated, accompanied by a Medical Certificate, shewing the necessity for the Party to proceed to sea, when permission will be granted by the Master Attendant or his Assistant, to repair on board such vessel as may be available. Individuals again, both in the Service and out of it, who have occasion to go on board a Pilot Vessel for purposes unconnected with their duty or health, are to make application to the Superintendent of Marine stating the purposes for which they desire the indulgence, and the time for which they are likely to be on board. The Pilots are on no account whatever to receive on board as Passengers, any Individuals who have not obtained the sanction above specified.

2nd. Individuals proceeding on board Pilot Vessels under any of the circumstances stated above, are entitled to occupy the larboard half of the after accommodation, free of other charge than that of Mess or Table Money hereafter specified. It must be understood that in all cases when in conformity with these orders the larboard cabin has been assigned to any Lady or Gentleman, no one can claim a share of such accommodation while the party by whom it was first engaged remains on board. Other parties either in or out of the Service, permitted to go on board, can only have such accommodation as the dining cabin affords, unless the Pilot in charge should let any of them have the use of his, the starboard cabin. It is to be optional with him to allow the occupation of it except as to Officers ordered on board on duty, to whom he must give up his or the starboard half of the accommodation if required; but he is on no account to demand a greater sum for this accommodation than Eight Company's Rupees per diem for the first fourteen days, and Six Rupees for every day after, whether it be given up voluntarily or under orders.

3d. Pilots in charge of vessels are to provide a suitable Table for their Passengers and are on no account to demand a larger amount for Table Money than the sums specified in the margin, and any Pilot making directly or indirectly any demand either for Table Money or Accommodation, not strictly authorized by these Regulations, besides being compelled to refund any overcharge, will be subjected to such loss of Rank or other punishment as Government, at the recommendation of the Superintendent of Marine, may award.

A Gentleman 8 Rupees per diem for the first fortnight—6 Rupees for every day afterwards.

A Lady 6 Rupees per diem for the first fortnight—5 Rupees for every day afterwards.

A Child 4 Rupees per diem for the first fortnight—3 Rupees for every day after.

4th. Warrant Officers, or other respectable parties whose means do not admit of their paying the above rates, can be accommodated and mess with the 2nd Mates and Volunteers at a charge of Two Rupees a day for the first fourteen days, and One Rupee Eight Annas for each day afterwards that they remain on board. The Branch Pilots in charge of the Pilot Vessels, are to see that such passengers are not charged more than these rates. Any demand of more, will subject those who prefer it, to punishment.

By order of the Acting Supdt. of Marine,

JAS. SUTHERLAND,
Secretary.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale unopened—provided that at the time they are applied for satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

EDUCATION.

PUBLIC EXAMINATIONS OF 1845.

1. The examination for senior scholarships, and candidates for government employment, will be held in the Town Hall, upon the dates and at the hours specified below.

2. The proprietors and masters of the various Institutions intending to profit by the resolution of the 10th October 1844, are invited to attend the examination in order to become acquainted with the nature of the ordeal; but it is to be distinctly understood, that no visitor is to interfere in any way with the examination or hold any communication whatever with the candidates. Those masters who may wish to be present are requested to apply to the Secretary to the Council of Education for a ticket of admission, without which no one will be allowed access to the Hall.

3. All Proprietors or Head-Masters of schools, are requested to send in to the Secretary to the Council of Education, a list of the candidates intending to be present from their Institutions, at least one week before the 23rd of September, accompanied with the certificates and testimonials required by the regulations already published.

5. The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that for the present year, it has not been possible to extend the notice beyond the Government Institutions.

They would, therefore, recommend Candidates from other Institutions, to consider whether it may not be prudent for them to postpone appearing for examination until next year, when care shall be taken, to give them notice of the books or parts of books, selected for the examination.

The following are the subjects referred to:—

POETRY.—Milton's Paradise Lost; Shakespere's Hamlet, Lear, Othello and Macbeth; and Gray's Poems as far as they are contained in Richardson's Selections.

PROSE.—The first four volumes of the Spectator, and Bacon's Essays.

HISTORY.—The History of England from the reign of Henry the 7th to the Revolution of 1688. The 3rd Book of Mill's History of India, and Macfarlane's Indian Empire.

6. The following are the days fixed for the examinations, which will commence daily at 10 A. M. precisely, and all answers must be given in at or before 5 P. M. Candidates are recommended to be in attendance a quarter of an hour earlier, in order that no time may be lost in taking their places, &c.

7. In consequence of the great additional importance acquired by the Senior Scholarship Examination, and of the competition being no longer limited to the Students in the Government Colleges, it has become necessary to afford the best possible guarantee to the public and the Government of the results being fully, fairly, and impartially reported. The papers will therefore be examined by the following Gentlemen:

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
THE 30TH AUGUST, 1845.

The following Act, passed by the Governor General of India in Council on the 30th August 1845, is hereby promulgated for general information:

ACT No. XIX. OF 1845.

An Act for incorporating the Assam Company.

Whereas it hath been discovered, that there are in the British Province of Assam and other the North Eastern parts of India, numerous and extensive tracts of country producing the genuine Tea Plant, and it has been ascertained that the soil and climate are in all respects adapted for the cultivation of the Tea Plant on an extensive scale.

And whereas it is considered, that the cultivation and manufacture of Tea in India will be of great national importance and benefit, as well to the United Kingdom as to the British Territories in India, and the same may be advantageously prosecuted on a scale beyond the resources and enterprize of individual Capitalists, and a Society or Company hath been lately formed for the purpose of prosecuting and extending the said culture and manufacture with a Capital of Company's Rupees 50,00,000 in 10,000 Shares of Co.'s Rs. 500 each, and certain grants of land have been already made to the said Company in Assam and the North East parts of India aforesaid, and establishments have been formed by the said Company for the purposes of the said culture and manufacture, and are now in operation.

And whereas the whole 10,000 Shares have been subscribed for and appropriated, and the Proprietors have actually paid up Company's Rupees 20,00,000 of the said Capital of Company's Rupees 50,00,000, and the several Subscribers are willing at their own expense to carry on the said culture and manufacture, and it would tend much to the convenience and advantage as well of the said Subscribers as of the public, that they should be incorporated in the manner hereinafter mentioned and provided.

And whereas it is considered, that there are in Assam other articles and products of indigenous growth, or to which the soil and climate are also adapted, the culture and preparation of which may be carried on with great advantage and profit by the said Company as incidental to, or in connection with their Tea cultivation and establishment, and whereas it is desirable that provision should be made for enabling the said Company if they shall think fit to avail themselves thereof, and for enabling them to increase their Capital Stock.

And whereas several of the persons hereinafter named had been appointed and acted as a Provisional Committee for the purpose of forming and establishing the said Company, and commencing the business thereof, and the said Company has since been constituted under the provisions of a Deed of Association, bearing date the 31st day of January 1840, and made between the several persons whose names are thereunder subscribed, and whose seals are thereunto affixed, (except the several persons, parties thereto of the second and third parts) of the first part, Sir William Baynes, Baronet, Richard Twining, Thomas Weeding, John Alliston, Andrew Henderson, Francis Fox and William Cracroft, therein respectively described of the second part, and Sir George Gerard de Hochipied Larpent, Baronet, John Small, Alexander Rogers, Foster Reynolds, John Travers, William Manning, William R. Robinson and Ross Donnelly Mangles, therein also respectively described, of the third part, and under which Deed the business of the said Company has been com-

menced and carried on, and whereas in such Deed provision was made for confirming the several Acts, Deeds, Matters and Things executed and performed by the Provisional Committee in that capacity.

And whereas it is expedient that like provision should be made herein, and also provision for vesting, continuing and establishing in, for, and against the Corporate Body hereby created after (and notwithstanding their Incorporation) all such property, rights, contracts and liabilities whatever as the said existing Society or Company are, or but for such Incorporation would be possessed of, entitled or liable to:

I. It is therefore hereby enacted, that James Pattle, Charles Hay Cameron, Dwarkanauth Tagore, William Prinsep, Alexander Rogers, Henry Barclay Henderson, James Prinsep, Edward Harding, James Colquhoun, James Church, Henry Chapman, John Lowis, John Farley Leith, Thomas Charles Morton, Mutty Lall Seal, William Richard Young, James Young, Archibald Sconce, Richard Walker, Henry Meredith Parker, Edward Cockburn Ravenshaw, Charles Raikes, John Storm, George Shearwood, James Charles Colebrooke Sutherland, Samuel Smith, John Deans Campbell, John Carrington Palmer, William Soltau Pillans, Prosunno Coomar Tagore, Ramanath Tagore, Cuthbert Bensley Thornhill, Thomas Scott, Thomas Sewell, Francis Dashwood, Charles Dundas Mitchell, Alexander Garroch Mackenzie, Henry Augustus Woollaston, Francis P. OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

ACCOMMODATION ON BOARD THE PILOT VESSELS.

THE following Revised Rules relative to the Accommodation of Individuals proceeding to the Sand Heads or down the River on board any of the Hon'ble Company's Pilot Vessels, having been sanctioned by Government, are now published for general information.

1st. Officers, Civil and Military, when ordered to proceed down the River on Public Service, on board a Pilot Vessel, are to notify the same to the Master Attendant, or in his absence to his Assistant, who will select the vessel with reference to the exigencies of the Service, on which such Officer shall embark. In cases, where persons, whether Public Officers, or Private Individuals, are desirous of proceeding on board a Pilot Vessel for the benefit of their health, application is to be made as above stated, accompanied by a Medical Certificate, shewing the necessity for the Party to proceed to sea, when permission will be granted by the Master Attendant or his Assistant, to repair on board such vessel as may be available. Individuals again, both in the Service and out of it, who have occasion to go on board a Pilot Vessel for purposes unconnected with their duty or health, are to make application to the Superintendent of Marine stating the purposes for which they desire the indulgence, and the time for which they are likely to be on board. The Pilots are on no account whatever to receive on board as Passengers, any Individuals who have not obtained the sanction above specified.

2nd. Individuals proceeding on board Pilot Vessels under any of the circumstances stated above, are entitled to occupy the larboard half of the after accommodation, free of other charge than that of Mess or Table Money hereafter specified. It must be understood that in all cases when in conformity with these orders the larboard cabin has been assigned to any Lady or Gentleman, no one can claim a share of such accommodation while the party by whom it was first engaged remains on board. Other parties either in or out of the Service, permitted

to go on board, can only have such accommodation as the dining cabin affords, unless the Pilot in charge should let any of them have the use of his, the starboard cabin. It is to be optional with him to allow the occupation of it except as to Officers ordered on board on duty, to whom he must give up his or the starboard half of the accommodation if required; but he is on no account to demand a greater sum for this accommodation than Eight Company's Rupees per diem for the first fourteen days, and Six Rupees for every day after, whether it be given up voluntarily or under orders.

3d. Pilots in charge of vessels are to provide a suitable Table for their Passengers and are on no account to demand a larger amount for Table Money than the sums specified in the margin, and any Pilot making directly or indirectly any demand either for Table Money or Accommodation, not strictly authorized by these Regulations, besides being compelled to refund any overcharge, will be subjected to such loss of Rank or other punishment as Government, at the recommendation of the Superintendent of Marine, may award.

A Gentleman 8 Rupees per diem for the first fortnight—6 Rupees for every day afterwards

A Lady 6 Rupees per diem for the first fortnight—5 Rupees for every day afterwards.

A Child 4 Rupees per diem for the first fortnight—3 Rupees for every day after.

4th. Warrant Officers, or other respectable parties whose means do not admit of their paying the above rates, can be accommodated and mess with the 2nd Mates and Volunteers at a charge of Two Rupees a day for the first fourteen days, and One Rupee Eight Annas for each day afterwards that they remain on board. The Branch Pilots in charge of the Pilot Vessels, are to see that such passengers are not charged more than these rates. Any demand of more, will subject those who prefer it, to punishment.

Secretary.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October,* 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

ASSIGNEE'S OFFICE.—NOTICE.

PURSUANT TO ACT No. XXVII. OF 1841.

NOTICE is hereby given, that in the event of no claim being established to the unclaimed Dividends here under mentioned and which were paid into the hands of the Accountant-General and Sub-Treasurer of the East India Company, with the privity of the Accountant-General of the Insolvent Court, pursuant to the above Act under the orders of the said Court, bearing date the 2d day of January, 1838, or any part thereof as particularized hereunder within 12 months from this date, such Dividends will be distributed among such of the Creditors of the undermentioned Insolvent Estate as shall have established their claims against such Estate respectively, and an order will be obtained to have such claims, the Dividends upon which remain unclaimed at the expiration of the time above mentioned, expunged from the Schedule.

R. O'DOWDA,

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 8th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

1st. Every Peon will be provided with a Pugree, Kumerbund and Belt, of uniform color, and will carry a bell in his hand.

2d. No bearing letter will be delivered to any party, whatever, without payment of the postage charged thereon.

3d. The Peon, on reaching each house, will sound the bell, and deliver all paid and service letters as usual, and at the same time, demand postage for any bearing letter or letters he may hold.

After the first sounding of the bell, the Peon may wait two or three minutes, when, if the postage of such bearing letter or letters is not given, he will sound the bell a second time, waiting as before; at the expiration of the second two minutes, he will sound the bell for the third and last time, when, after two more minutes delay, if not paid, he will proceed to the next house, and return the unpaid letter to the Office.

While employed in delivery the Peons will move at a sharp pace, and never loiter or converse by the way.

The Peons will be careful in carrying out these orders, that they be not guilty of disrespect or incivility to any party.

ACCOMMODATION ON BOARD THE PILOT VESSELS.

THE following Revised Rules relative to the Accommodation of Individuals proceeding to the Sand Heads or down the River on board any of the Hon'ble Company's Pilot Vessels, having been sanctioned by Government, are now published for general information.

1st. Officers, Civil and Military, when ordered to proceed down the River on Public Service, on board a Pilot Vessel, are to notify the same to the Master Attendant, or in his absence to his Assistant, who will select the vessel with reference to the exigencies of the Service, on which such Officer shall embark. In cases, where persons, whether Public Officers, or Private Individuals, are desirous of proceeding on board a Pilot Vessel for the benefit of their health, application is to be made as above stated, accompanied by a Medical Certificate, shewing the necessity for the Party to proceed to sea, when permission will be granted by the Master Attendant or his Assistant, to repair on board such vessel as may be available. Individuals again, both in the Service and out of it, who have occasion to go on board a Pilot Vessel for purposes unconnected with their duty or health, are to make application to the Superintendent of Marine stating the purposes for which they desire the indulgence, and the time for which they are likely to be on board. The Pilots are on no account whatever to receive on board as Passengers, any Individuals who have not obtained the sanction above specified.

2nd. Individuals proceeding on board Pilot Vessels under any of the circumstances stated above, are entitled to occupy the larboard half of the after accommodation, free of other charge than that of Mess or Table Money hereafter specified. It must be understood that in all cases when in conformity with these orders the larboard cabin has been assigned to any Lady or Gentleman, no one can claim a share of

such accommodation while the party by whom it was first engaged remains on board. Other parties either in or out of the Service, permitted to go on board, can only have such accommodation as the dining cabin affords, unless the Pilot in charge should let any of them have the use of his, the starboard cabin. It is to be optional with him to allow the occupation of it except as to Officers ordered on board on duty, to whom he must give up his or the starboard half of the accommodation if required; but he is on no account to demand a greater sum for this accommodation than Eight Company's Rupees per diem for the first fourteen days, and Six Rupees for every day after, whether it be given up voluntarily or under orders.

3d. Pilots in charge of vessels are to provide a suitable Table for their Passengers and are on no account to demand a larger amount for Table Money than the sums specified in the margin, and any Pilot making directly or indirectly any demand either for Table Money or Accommodation, not strictly authorized by these Regulations, besides being compelled to refund any overcharge, will be subjected to such loss of Rank or other punishment as Government, at the recommendation of the Superintendent of Marine, may award.

5. The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that

for the present year, it has not been possible to extend the notice beyond the Government Institutions.

They would, therefore, recommend Candidates from other Institutions, to consider whether it may not be prudent for them to postpone appearing for examination until next year, when care shall be taken, to give them notice of the books or parts of books, selected for the examination.

The following are the subjects referred to:—

POETRY.—Milton's Paradise Lost; Shakespere's Hamlet, Lear, Othello and Macbeth; and Gray's Poems as far as they are contained in Richardson's Selections.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

NOTIFICATION.

The following rules for the regulation of the Expresses, despatched from this office to Calcutta and Madras, on the arrival of the Overland Mails from England, having been approved of by the Hon'ble the Governor in Council, are published for general information.

A portion of the Government Express, to be determined by the Post Master General, with reference to the weight and bulk of the public despatches transmitted on each occasion, to be reserved for the convenience of the public, on the following terms:—

1st. *On letters sent in the Express to Calcutta* an extra postage of one Rupee, in addition to ordinary inland postage, will be charged on all letters, not exceeding ½ tola, in weight, of two Rupees on letters, above ½ a tola, and not exceeding one tola; and of four Rupees on letters above one tola, and not exceeding two tolas, in weight.

2d. *On letters sent in the Express to Madras,* the rates already charged on letters sent by the Express to meet the Peninsular and Oriental Company's Steamers on their way from Calcutta to Suez, will be levied. No letter exceeding two tolas in weight will be sent by the Expresses either to Calcutta or Madras.

Vide Government Gazette of 29th May 1845, page 435.

3d. *On Newspapers,* each Newspaper Office in Calcutta and Madras, will be allowed to receive two imported Newspapers, by the Express, at the ordinary rates of postage.

On all other Newspapers, forwarded by Express, a postage of Rupees five will be charged, but no paper will be received exceeding 3¼ tolas in weight.

ACCOMMODATION ON BOARD THE PILOT VESSELS.

THE following Revised Rules relative to the Accommodation of Individuals proceeding to the Sand Heads or down the River on board any of the Hon'ble Company's Pilot Vessels, having been sanctioned by Government, are now published for general information.

1st. Officers, Civil and Military, when ordered to proceed down the River on Public Service, on board a Pilot Vessel, are to notify the same to the Master Attendant, or in his absence to his Assistant, who will select the vessel with reference to the exigencies of the Service, on which such Officer shall embark. In cases, where persons, whether Public Officers, or Private Individuals, are desirous of proceeding on board a Pilot Vessel for the benefit of their health, application is to be made as above stated, accompanied by a Medical Certificate, shewing the necessity for the Party to proceed to sea, when permission will be granted by the Master Attendant or his Assistant, to repair on board such vessel as may be available. Individuals again, both in the Service and out of it, who have occasion to go on board a Pilot Vessel for purposes unconnected with their duty or health, are to make application to the Superintendent of Marine stating the purposes for which they desire the indulgence, and the time for which they are likely to be on board. The Pilots are on no account whatever to receive on board as Passengers, any Individuals who have not obtained the sanction above specified.

2nd. Individuals proceeding on board Pilot Vessels under any of the circumstances stated above, are entitled to occupy the larboard half of the after accommodation, free of other charge than that of Mess or Table Money hereafter specified. It must be understood that in all cases when in conformity with these orders the larboard cabin has been assigned to any Lady or Gentleman, no one can claim a share of such accommodation while the party by whom it was first engaged remains on board. Other parties either in or out of the Service, permitted to go on board, can only have such accommodation as the dining cabin affords, unless the Pilot in charge should let any of them have the use of his, the starboard cabin. It is to be optional with him to allow the occupation of it except as to Officers ordered on board on duty, to whom he must give up his or the starboard half of the accommodation if required; but he is on no

account to demand a greater sum for this accommodation than Eight Company's Rupees per diem for the first fourteen days; and Six Rupees for every day after, whether it be given up voluntarily or under orders.

3d. Pilots in charge of vessels are to provide a suitable Table for their Passengers and are on no account to demand a larger amount for Table Money than the sums specified in the margin, and any Pilot making directly or indirectly any demand either for Table Money or Accommodation, not strictly authorized by these Regulations, besides being compelled to refund any overcharge, will be subjected to such loss of Rank or other punishment as Government, at the recommendation of the Superintendent of Marine, may award.

A Gentleman 8 Rupees per diem for the first fortnight—6 Rupees for every day afterwards

A Lady 6 Rupees per diem for the first fortnight—5 Rupees for every day afterwards.

A Child 4 Rupees per diem for the first fortnight—3 Rupees for every day after.

4th. Warrant Officers, or other respectable parties whose means do not admit of their paying the above rates, can be accommodated and mess with the 2nd Mates and Volunteers at a charge of Two Rupees a day for the first fourteen days, and One Rupee Eight Annas for each day afterwards that they remain on board. The Branch Pilots in charge of the Pilot Vessels, are to see that such passengers are not charged more than these rates. Any demand of more, will subject those who prefer it, to punishment.

By order of the Acting Supdt. of Marine,

JAS. SUTHERLAND,
Secretary.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated* 10*th October*, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History. He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1. and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

1st. Every Peon will be provided with a Pugree, Kumerbund and Belt, of uniform color, and will carry a bell in his hand.

2d. No bearing letter will be delivered to any party, whatever, without payment of the postage charged thereon.

ACCOMMODATION ON BOARD THE PILOT VESSELS.

THE following Revised Rules relative to the Accommodation of Individuals proceeding to the Sand Heads or down the River on board any of the Hon'ble Company's Pilot Vessels, having been sanctioned by Government, are now published for general information.

1st. Officers, Civil and Military, when ordered to proceed down the River on Public Service, on board a Pilot Vessel, are to notify the same to the Master Attendant, or in his absence to his Assistant, who will select the vessel with reference to the exigencies of the Service, on which such Officer shall embark. In cases, where persons, whether Public Officers, or Private Individuals, are desirous of proceeding on board a Pilot Vessel for the benefit of their health, application is to be made as above stated, accompanied by a Medical Certificate, shewing the necessity for the Party to proceed to sea, when permission will be granted by the Master Attendant or his Assistant, to repair on board such vessel as may be available. Individuals again, both in the Service and out of it, who have occasion to go on board a Pilot Vessel for purposes unconnected with their duty or health, are to make application to the Superintendent of Marine stating the purposes for which they desire the indulgence, and the time for which they are likely to be on board. The Pilots are on no account whatever to receive on board as Passengers, any Individuals who have not obtained the sanction above specified.

2nd. Individuals proceeding on board Pilot Vessels under any of the circumstances stated above, are entitled to occupy the larboard half of the after accommodation, free of other charge than that of Mess or Table Money hereafter specified. It must be understood that in all cases when in conformity with these orders the larboard cabin has been assigned to any Lady or Gentleman, no one can claim a share of such accommodation while the party by whom it was first engaged remains on board. Other parties either in or out of the Service, permitted to go on board, can only have such accommodation as the dining cabin affords, unless the Pilot in charge should let any of them have the use of his, the starboard cabin. It is to be optional with him to allow the occupation of it except as to Officers ordered on board on duty, to whom he must give up his or the starboard half of the accommodation if required; but he is on no account to demand a greater sum for this accommodation than Eight Company's Rupees per diem for the first fourteen days, and Six Rupees for every day after, whether it be given up voluntarily or under orders.

3d. Pilots in charge of vessels are to provide a suitable Table for their Passengers and are on no account to demand a larger amount for Table Money than the sums specified in the margin, and any Pilot making directly or indirectly any demand either for Table Money or Accommodation, not strictly authorized by these Regulations, besides being compelled to refund any overcharge, will be subjected to such loss of Rank or other punishment as Government, at the recommendation of the Superintendent of Marine, may award.

A Gentleman 8 Rupees per diem for the first fortnight—6 Rupees for every day afterwards

A Lady 6 Rupees per diem for the first fortnight—5 Rupees for every day afterwards.

A Child 4 Rupees per diem for the first fortnight—3 Rupees for every day after

4th. Warrant Officers, or other respectable parties whose means do not admit of their paying the above rates, can be accommodated and mess with the 2nd Mates and Volunteers at a charge of Two Rupees a day for the first fourteen days, and One Rupee Eight Annas for each day afterwards that they remain on board. The Branch Pilots in charge of the Pilot Vessels, are to see that such passengers are not charged more than these rates. Any demand of more, will subject those who prefer it, to punishment.

By order of the Acting Supdt. of Marine,

JAS. SUTHERLAND,
Secretary.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale unopened—provided that at the time they are applied for satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to heir owners or destinations.

EDUCATION.

PUBLIC EXAMINATIONS OF 1845.

1. The examination for senior scholarships, and candidates for government employment, will be held in the Town Hall, upon the dates and at the hours specified below.

2. The proprietors and masters of the various Institutions intending to profit by the resolution of the 10th October 1844, are invited to attend the examination in order to become acquainted with the nature of the ordeal; but it is to be distinctly understood, that no visitor is to interfere in any way with the examination or hold any communication whatever with the candidates. Those masters who may wish to be present are requested to apply to the Secretary to the Council of Education for a ticket of admission, without which no one will be allowed access to the Hall.

3. All Proprietors or Head-Masters of schools, are requested to send in to the Secretary to the Council of Education, a list of the candidates intending to be present from their Institutions, at least one week before the 23rd of September, accompanied with the certificates and testimonials required by the regulations already published.

5. The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that for the present year, it has not been possible to extend the notice beyond the Government Institutions.

They would, therefore, recommend Candidates from other Institutions, to consider whether it may not be prudent for them to postpone appearing for examination until next year, when care shall be taken, to give them notice of the books or parts of books, selected for the examination.

The following are the subjects referred to:—

POETRY.—Milton's Paradise Lost; Shakespere's Hamlet, Lear, Othello and Macbeth; and Gray's Poems as far as they are contained in Richardson's Selections.

Candidates are recommended to be in attendance a quarter of an hour earlier, in order that no time may be lost in taking their places, &c.

7. In consequence of the great additional importance acquired by the Senior Scholarship Examination, and of the competition being no longer limited to the Students in the Government Colleges, it has become necessary to afford the best possible guarantee to the public and the Government of the results being fully, fairly, and impartially reported. The papers will therefore be examined by the following Gentlemen:

Literature and History,	By the Hon'ble Mr. Cameron, assisted by the Hon'ble Sir Laurence Peel, Sir Henry Seton, and Mr. Daniel Eliott.
Mathematics and Natural Philosophy, ...	By the Revd. F. Fisher, B. A.

9. The scholarship questions, with the most distinguished answers in English Literature, History, Science, and the best Essays, will be published for general information and distribution as soon as practicable, after the receipt of the reports.

10. With respect to all other points connected with the examination not specified in the above scheme, the scholarship and other published regulations of the Council of Education, will be strictly adhered to.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

ACCOMMODATION ON BOARD THE PILOT VESSELS.

THE following Revised Rules relative to the Accommodation of Individuals proceeding to the Sand Heads or down the River on board any of the Hon'ble Company's Pilot Vessels, having been sanctioned by Government, are now published for general information.

1st. Officers, Civil and Military, when ordered to proceed down the River on Public Service, on board a Pilot Vessel, are to notify the same to the Master Attendant, or in his absence to his Assistant, who will select the vessel with reference to the exigencies of the Service, on which such Officer shall embark. In cases, where persons, whether Public Officers, or Private Individuals, are desirous of proceeding on board a Pilot Vessel for the benefit of their health, application is to be made as above stated, accompanied

by a Medical Certificate, shewing the necessity for the Party to proceed to sea, when permission will be granted by the Master Attendant or his Assistant, to repair on board such vessel as may be available. Individuals again, both in the Service and out of it, who have occasion to go on board a Pilot Vessel for purposes unconnected with their duty or health, are to make application to the Superintendent of Marine, stating the purposes for which they desire the indulgence, and the time for which they are likely to be on board. The Pilots are on no account whatever to receive on board as Passengers, any Individuals who have not obtained the sanction above specified.

2nd. Individuals proceeding on board Pilot Vessels under any of the circumstances stated above, are entitled to occupy the larboard half of the after accommodation, free of other charge than that of Mess or Table Money hereafter specified. It must be understood that in all cases when in conformity with these orders the larboard cabin has been assigned to any Lady or Gentleman, no one can claim a share of such accommodation while the party by whom it was first engaged remains on board. Other parties either in or out of the Service, permitted to go on board, can only have such accommodation as the dining cabin affords, unless the Pilot in charge should let any of them have the use of his, the starboard cabin. It is to be optional with him to allow the occupation of it except as to Officers ordered on board on duty, to whom he must give up his or the starboard half of the accommodation if required; but he is on no account to demand a greater sum for this accommodation than Eight Company's Rupees per diem for the first fourteen days, and Six Rupees for every day after, whether it be given up voluntarily or under orders.

3d. Pilots in charge of vessels are to provide a suitable Table for their Passengers and are on no account to demand a larger amount for Table Money than the sums specified in the margin, and any Pilot making directly or indirectly any demand either for Table Money or Accommodation, not strictly authorized by these Regulations, besides being compelled to refund any overcharge, will be subjected to such loss of Rank or other punishment as Government, at the recommendation of the Superintendent of Marine, may award.

A Gentleman 8 Rupees per diem for the first fortnight—6 Rupees for every day afterwards

A Lady 6 Rupees per diem for the first fortnight—5 Rupees for every day afterwards.

A Child 4 Rupees per diem for the first fortnight—3 Rupees for every day after.

4th. Warrant Officers, or other respectable parties whose means do not admit of their paying the above rates, can be accommodated and mess with the 2nd Mates and Volunteers at a charge of Two Rupees a day for the first fourteen days, and One Rupee Eight Annas for each day afterwards that they remain on board. The Branch Pilots in charge of the Pilot Vessels, are to see that such passengers are not charged more than these rates. Any demand of more, will subject those who prefer it, to punishment.

By order of the Acting Supdt. of Marine,

JAS. SUTHERLAND,
Secretary.

Council of Education,
August 15, 1845.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October,* 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay.	The candidate must compose a fair English Essay.
History.	He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.
General Literature.	He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.
Mathematics.	He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.
Natural Philosophy.	He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.
Vernacular Essay.	He must write a fair essay in the Vernacular.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

CAP. XXX.

An Act to amend an Act passed in the Third and Fourth Years of the Reign of His late Majesty King William the Fourth, intituled an Act for the better Administration of Justice in His Majesty's Privy Council.

(30th June, 1845.)

Whereas by an Act passed in the Session held in the Third and Fourth Years of the Reign of His late Majesty King William the Fourth, intituled an Act for the better Administration of Justice in His Majesty's Privy Council, after reciting that various Appeals to His Majesty in Council from the Courts of Suddur Dewanny Adawlut at the several Presidencies of Calcutta, Madras and Bombay, in the East Indies, had been admitted by the said Courts, and the Transcripts of the Proceedings in Appeal had been from Time to Time transmitted under the Seal of the said Courts through the East India Company, then called the United Company of Merchants of England trading to the East Indies, to the Office of His Majesty's said Privy Council, but that the Suitors in the causes so appealed had not taken the necessary measures to bring on the same to a Hearing, it was enacted that it should be lawful for His Majesty in Council to give such Directions to the said Company and other Persons, for the purpose of bringing to a Hearing before the Judicial Committee of the Privy Council the several cases appealed, or thereafter to be appealed to His Majesty in Council from the several Courts of Suddur Dewanny Adawlut in the East Indies, and for appointing Agents and Counsel for the different Parties in such Appeals, and to make such Orders for the Security and Payment of the Costs thereof as His said Majesty in Council should think fit, and thereupon such Appeals should be heard and reported on to His Majesty in Council, and should be by His Majesty in Council determined, in the the same manner, and the Judgments, Orders and Decrees of His Majesty in Council thereon should be of the same Force and Effect, as if the same had been brought to a Hearing by the Direction of the Parties appealing, in the usual course of Proceeding: Provided always, that such last-mentioned Powers should not extend to any Appeals from the said Courts of Suddur Dewanny Adawlut other than Appeals in which no Proceedings then had been or should thereafter be taken in England on either side for a Period of Two Years subsequent to the Admission of the Appeal by such Court of Suddur Dewanny Adawlut. And whereas by certain Orders in Council made under certain Powers contained in the said Act, Provision is made for registering in the Council Office the Arrival in this Country of the Transcripts of the Proceedings in Appeals from the said Courts: And whereas it is considered advisable that the said Act should be amended in manner hereinafter mentioned:

3 and 4 W. 4, c. 41.

Recited Provisions of 3 and 4 W. 4, c 41 not to apply to Appeals admitted by Suddur Courts after 1st January 1846.

Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the Advice and Consent of the Lords Spiritual and Temporal and Commons, in this present Parliament assembled, and by the authority of the same, That the herein-before recited Provisions of the said Act shall not apply to the case of any Appeal which shall be admitted by any of the said Courts of Suddur Dewanny Adawlut after the First Day of January, One Thousand, Eight Hundred and Forty-six.

Appeals admitted after 1st January 1846 to be considered as abandoned by consent, unless, &c.

II. And be it enacted, That any Appeal to be admitted by any of the said Courts of Suddur Dewanny Adawlut after the said First Day of January, One Thousand, Eight Hundred, and Forty-six, shall be considered and be held to be abandoned and withdrawn by consent of the Parties thereto, unless some Proceedings shall be taken in England in the same by one or more of the Parties thereto within Two Years after Registration at the Council Office of the Arrival of the Transcript; and any such Appeal as aforesaid shall be held to be abandoned and withdrawn in like manner under any other circumstances which Her Majesty in Council may from Time to Time by any Orders or Rules in that Behalf direct to be taken and considered as a Withdrawal thereof; and the East India Company are hereby required from Time to Time to ascertain and certify to the proper Courts in the East Indies all Appeals which may from Time to Time become abandoned and dropped under the Provisions of this Clause.

EDUCATION.

PUBLIC EXAMINATIONS OF 1845.

1. The examination for senior scholarships, and candidates for government employment, will be held in the Town Hall, upon the dates and at the hours specified below.

2. The proprietors and masters of the various Institutions intending to profit by the resolution of the 10th October 1844, are invited to attend the examination in order to become acquainted with the nature of the ordeal; but it is to be distinctly understood, that no visitor is to interfere in any way with the examination or hold any communication whatever with the candidates. Those masters who may wish to be present are requested to apply to the Secretary to the Council of Education for a ticket of admission, without which no one will be allowed access to the Hall.

3. All Proprietors or Head-Masters of schools, are requested to send in to the Secretary to the Council of Education, a list of the candidates intending to be present from their Institutions, at least one week before the 23rd of September, accompanied with the certificates and testimonials required by the regulations already published.

5. The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that for the present year, it has not been possible to extend the notice beyond the Government Institutions.

They would, therefore, recommend Candidates from other Institutions, to consider whether it may not be prudent for them to postpone appearing for examination until next year, when care shall be taken, to give them notice of the books or parts of books, selected for the examination.

The following are the subjects referred to:—

POETRY.—Milton's Paradise Lost; Shakespere's Hamlet, Lear, Othello and Macbeth; and Gray's Poems as far as they are contained in Richardson's Selections.

PROSE.—The first four volumes of the Spectator, and Bacon's Essays.

HISTORY.—The History of England from the reign of Henry the 7th to the Revolution of 1688. The 3rd Book of Mill's History of India, and Macfarlane's Indian Empire.

6. The following are the days fixed for the examinations, which will commence daily at 10 A. M precisely, and all answers must be given in at or before 5 P. M. Candidates are recommended to be in attendance a quarter of an hour earlier, in order that no time may be lost in taking their places, &c.

7. In consequence of the great additional importance acquired by the Senior Scholarship Examination, and of the competition being no longer limited to the Students in the Government Colleges, it has become necessary to afford the best possible guarantee to the public and the Government of the results being fully, fairly, and impartially reported. The papers will therefore be examined by the following Gentlemen:

9. The scholarship questions, with the most distinguished answers in English Literature, History, Science, and the best Essays, will be published for general information and distribution as soon as practicable, after the receipt of the reports.

ACCOMMODATION ON BOARD THE PILOT VESSELS.

THE following Revised Rules relative to the Accommodation of Individuals proceeding to the Sand Heads or down the River on board any of the Hon'ble Company's Pilot Vessels, having been sanctioned by Government, are now published for general information.

1st. Officers, Civil and Military, when ordered to proceed down the River on Public Service, on board a Pilot Vessel, are to notify the same to the Master Attendant, or in his absence to his Assistant, who will select the vessel with reference to the exigencies of the Service, on which such Officer shall embark. In cases, where persons, whether Public Officers, or Private Individuals, are desirous of proceeding on board a Pilot Vessel for the benefit of their health, application is to be made as above stated, accompanied by a Medical Certificate, shewing the necessity for the Party to proceed to sea, when permission will be granted by the Master Attendant or his Assistant, to repair on board such vessel as may be available. Individuals again, both in the Service and out of it, who have occasion to go on board a Pilot Vessel for purposes unconnected with their duty or health, are to make application to the Superintendent of Marine stating the purposes for which they desire the indulgence, and the time for which they are likely to be on board. The Pilots are on no account whatever to receive on board as Passengers, any Individuals who have not obtained the sanction above specified.

2nd. Individuals proceeding on board Pilot Vessels under any of the circumstances stated above, are entitled to occupy the larboard half of the after accommodation, free of other charge than that of Mess or Table Money hereafter specified. It must be understood that in all cases when in conformity with these orders the larboard cabin has been assigned to any Lady or Gentleman, no one can claim a share of such accommodation while the party by whom it was first engaged remains on board. Other parties either in or out of the Service, permitted to go on board, can only have such accommodation as the dining cabin affords, unless the Pilot in charge should let any of them have the use of

his, the starboard cabin. It is to be optional with him to allow the occupation of it except as to Officers ordered on board on duty, to whom he must give up his or the starboard half of the accommodation if required; but he is on no account to demand a greater sum for this accommodation than Eight Company's Rupees per diem for the first fourteen days, and Six Rupees for every day after, whether it be given up voluntarily or under orders.

3d. Pilots in charge of vessels are to provide a suitable Table for their Passengers and are on no account to demand a larger amount for Table Money than the sums specified in the margin, and any Pilot making directly or indirectly any demand either for Table Money or Accommodation, not strictly authorized by these Regulations, besides being compelled to refund any overcharge, will be subjected to such loss of Rank or other punishment as Government, at the recommendation of the Superintendent of Marine, may award.

A Gentleman 8 Rupees per diem for the first fortnight—6 Rupees for every day afterwards.
A Lady 6 Rupees per diem for the first fortnight—5 Rupees for every day afterwards.
A Child 4 Rupees per diem for the first fortnight—3 Rupees for every day after.

The Branch Pilots in charge of the Pilot Vessels, are to see that such passengers are not charged more than these rates. Any demand of more, will subject those who prefer it, to punishment.

EDUCATION NOTICE.

RULES *for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October,* 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least $\frac{3}{4}$ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least $\frac{1}{2}$ of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examina-

tion more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay. The candidate must compose a fair English Essay.

History He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K Whewell's Mechanics, Webster's Hydrostatics and Phelp's Optics, with the Pneumatics of the S. D. U. K.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

POST OFFICE NOTIFICATION.

P. and O. Steamers.

The Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

On every letter not exceeding ½ an ounce in weight, ...8 As. or one Shilling.
On ditto above ½ oz. and not exceeding one ounce, ...1 R. or two ditto.
On ditto above 1 oz. and not exceeding two ounces, ...2 Rs. or four ditto.
On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Hon'ble Company's currency, are recommended as the best substitutes:

In lieu of ½ an ounce..... One Rupee and One Copper Pie.
In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sender, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12 tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Banghy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussul, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although ¼ ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency,) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3 6-0, viz.

Ordinary Inland Postage, ...	0	14	0
Express ditto, ...	2	0	0
Steam ditto, ...	0	8	0
Total Rs.	3	6	0

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18. No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

L. J. H. GREY,
Post Master General.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

EDUCATION.

PUBLIC EXAMINATIONS OF 1845.

1. The examination for senior scholarships, and candidates for government employment, will be held in the Town Hall, upon the dates and at the hours specified below.

2. The proprietors and masters of the various Institutions intending to profit by the resolution of the 10th October 1844, are invited to attend the examination in order to become acquainted with the nature of the ordeal; but it is to be distinctly understood, that no visitor is to interfere in any way with the examination or hold any communication whatever with the candidates. Those masters who may wish to be present are requested to apply to the Secretary to the Council of Education for a ticket of admission, without which no one will be allowed access to the Hall.

3. All Proprietors or Head-Masters of schools, are requested to send in to the Secretary to the Council of Education, a list of the candidates intending to be present from their Institutions, at least one week before the 23rd of September, accompanied with the certificates and testimonials required by the regulations already published.

5. The Council have latterly thought it expedient to give notice, to what books or parts of books they intend to confine the literary and historical examinations for the year, in order that the reading of the Students may not be spread over too wide a surface. They regret much that for the present year, it has not been possible to extend the notice beyond the Government Institutions.

They would, therefore, recommend Candidates from other Institutions, to consider whether it may not be prudent for them to postpone appearing for examination until next year, when care shall be taken, to give them notice of the books or parts of books, selected for the examination.

The following are the subjects referred to:—

POETRY.—Milton's Paradise Lost; Shakespere's Hamlet, Lear, Othello and Macbeth; and Gray's Poems as far as they are contained in Richardson's Selections.

PROSE.—The first four volumes of the Spectator, and Bacon's Essays.

HISTORY.—The History of England from the reign of Henry the 7th to the Revolution of 1688. The 3rd Book of Mill's History of India, and Macfarlane's Indian Empire.

6. The following are the days fixed for the examinations, which will commence daily at 10 A. M precisely, and all answers must be given in at or before 5 P. M Candidates are recommended to be in attendance a quarter of an hour earlier, in order that no time may be lost in taking their places, &c.

7. In consequence of the great additional importance acquired by the Senior Scholarship Examination, and of the competition being no longer limited to the Students in the Government Colleges, it has become necessary to afford the best possible guarantee to the public and the Go-

vernment of the results being fully, fairly, and impartially reported. The papers will therefore be examined by the following Gentlemen:

Literature and History,	By the Hon'ble Mr. Cameron, assisted by the Hon'ble Sir Laurence Peel, Sir Henry Seton, and Mr. Daniel Eliott.
Mathematics and Natural Philosophy, ...	By the Revd F. Fisher, B. A.

8 The examinations in the Town-Hall will be superintended daily, by at least one Member of the Council of Education, assisted by Messrs. Halliday, Turnbull, and Beadon; the Secretary to the Council being on duty during the whole period.

9. The scholarship questions, with the most distinguished answers in English Literature, History, Science, and the best Essays, will be published for general information and distribution as soon as practicable, after the receipt of the reports.

ARTICLE 69.

Any person amenable to these Articles of War, who may commit any offence against the same, may be tried and punished for such offence in any place within the British Territories, or elsewhere, where he may have come after the commission of the offence, in the same manner as if the offence had been committed where such trial shall take place.

ARTICLE 67.

Whenever any Officer or Soldier shall commit a crime deserving punishment by Court Martial, he shall, by his Commanding Officer, be put under arrest, if an Officer; or if a Soldier, be confined; until he shall be either tried by a Court Martial, or shall be lawfully discharged by a proper authority; and no Officer or Soldier who shall be put in such arrest or confinement shall continue in his confinement longer than may be actually unavoidable.

And such process of arrest or confinement or an attempt to effect such process, shall in no case be omitted where it may be practicable;—but where resistance may be made, or from other circumstances such process may be impracticable, the offender or offenders shall be liable to trial and punishment at any subsequent period, within the limitations provided in these Articles of War.

ARTICLE 68.

No person shall be liable to be tried or punished for any offence against these Articles, which shall appear to have been committed *more than three years* previous to the order directing the assembly of the Court Martial whereby he is to be tried, unless the person accused, by reason of his absenting himself, or some other manifest impediment, shall not have been amenable to justice within that period; in which case such person shall be liable to be tried, at any time not exceeding *two years* after the impediment shall have ceased.

ARTICLE 69.

Any person amenable to these Articles of War, who may commit any offence against the same, may be tried and punished for such offence in any place within the British Territories, or elsewhere, where he may have come after the commission of the offence, in the same manner as if the offence had been committed where such trial shall take place.

ARTICLE 70.

The Commander in Chief at the Presidencies of Fort William, Fort Saint George and Bombay respectively for the time being, may appoint General or other Courts Martial, and confirm and mitigate or remit the Sentences of such Courts; and may issue his Warrant to any General or other Officer having the Command of a Body of Troops in the service of Her Majesty or of the East India Company, empowering such Officer to appoint General or District or Garrison Courts Martial as occasion may require, for the trial of offences committed by any of the Officers or Soldiers or Followers in the service of the said Company, being Natives of the East Indies, or of other places within the limits of the said Company's Charter, and to confirm and mitigate, or remit the Sentences of such Courts Martial.

ARTICLE 71.

The General Court Martial shall not consist of less than *thirteen* Commissioned Officers, unless it be held out of the East India Company's Territories, where such Court Martial may consist of *seven* Commissioned Officers, if a greater number cannot be conveniently assembled. And no sentence of a General Court Martial shall be put in execution until after a report shall have been made of the whole proceedings to the Commander in Chief, or to some other person duly authorized to confirm the same, and until his directions shall have been signified thereupon.

Powers of a General Court Martial.

*ARTICLE 72.

A General Court Martial may sentence any Officer or Soldier to Death or Transportation, for any crimes which are by these Articles of War expressly made liable to sentence of Death or Transportation, and for such crimes only.

And when a Commissioned Officer shall be convicted of any offence, of which the punishment is not defined in these Articles of War, or is left discretionary, a General Court Martial may adjudge such Officer to be dismissed the service;—or to be suspended from rank and pay and allowances, for a stated period;—or to be placed lower on the list of his rank, by an alteration of the date of his Commission, thereby losing the corresponding benefit of length of service; and the Court shall in every such sentence specify the extent or degree of suspension or reduction, which they shall so adjudge;—or the Court may sentence such Officer to be reprimanded in such manner as the Commander in Chief may direct.

And a General Court Martial may sentence any Non-Commissioned Officer to be reduced to the ranks;—or may sentence any Non-Commissioned Officer or Soldier to be dismissed the service;—or to be placed lower in the list of the rank which he holds;—or may sentence any Soldier to suffer Corporal Punishment not exceeding *Two Hundred Lashes*;—or Imprisonment with or without hard labour not exceeding *two years*;—and to be kept in solitary confinement for any portion or portions of such Imprisonment, not exceeding twenty-eight days at a time, nor eighty-four days in any one year, with intervals between the periods of solitary confinement, of not less duration than such periods of solitary confinement.

And a General Court Martial may, in addition either to Corporal punishment or to Imprisonment as aforesaid, sentence a Soldier to forfeiture of all advantage as to additional Pay and to Pension on discharge, which might have otherwise accrued from the length or nature of his former service; or to forfeiture of such advantage absolutely, whether it might have accrued from past service, or might accrue from future service, according to the nature of the case, for *disgraceful conduct*.

And a General Court Martial may, in addition to the punishment of dismissal, sentence any Officer or Soldier to forfeit his arrears of Pay and Allowances due at the time of his discharge, or such proportion thereof as may be required, to make good any loss or damage arising out of his misconduct;—And in addition to any punishment not involving dismissal from the service, may sentence any Officer or Soldier to be put under stoppages not exceeding two-thirds of his Pay and Allowances in the case of an Officer, and not exceeding half of his Pay and Allowances in the case of a Non-Commissioned Officer or Soldier, until the amount of such loss or damage be made good.

Confirmation and Commutation of Sentence, by the Commander in Chief.

ARTICLE 73.

In cases wherein a Sentence of *Death* shall have been awarded by General Court Martial, for any offence against discipline for which sentence of Death is awardable under these Articles of War, the Commander in Chief may confirm such Sentence and cause it to be carried into effect, or may, instead of causing such Sentence to be carried into effect, order the offender, if an Officer, to be Transported for life, or to be dismissed, and if a Soldier to be Transported for life, or to be Imprisoned with or without Hard Labour either for life, or for a certain term of years, and with or without Solitary Confinement, to be regulated as aforesaid, as to the Commander in Chief may seem meet.

In cases of Commissioned Officers Sentenced to *Transportation*, the Commander in Chief may in lieu thereof order the offender to be dismissed. And in cases of Commissioned Officers Sentenced to be *Dismissed* from the service, the Commander in Chief may, in lieu of such Punishment direct, that the offender be suspended from Rank and Pay and Allowances for a certain period, to be distinctly specified by the Commander in Chief.

And the Commander in Chief may commute a Sentence of *Transportation* passed on a Soldier, to Imprisonment with or without Hard Labour, and with or without Solitary Confinement to be regulated as aforesaid; and such Imprisonment may be either for the same period for which Transportation shall have been awarded, or for any lesser period.

And the Commander in Chief may commute a Sentence of *Corporal Punishment* to Dismissal from the service; or, in the case of a Non-Commissioned Officer may mitigate such Sentence to reduction to the ranks; or in the case of a Non-Commissioned Officer or Soldier may commute such Sentence to Imprisonment without Hard Labour, and with or without Solitary Confinement (to be regulated as aforesaid,) for any period not exceeding *two years*, if the sentence shall exceed *one hundred and fifty lashes;* not exceeding *one year* if it shall exceed *one hundred lashes;* and not exceeding *six months* if it shall be *less than one hundred lashes;*—but the term of such commuted Imprisonment may be for any lesser periods respectively, at the discretion of the Commander in Chief.

In cases of Non-Commissioned Officers Sentenced to be *Dismissed* from the service, the Commander in Chief may, in lieu of such punishment, direct that the offender be reduced to the ranks, or placed lower in the list of the rank which he holds.

And in cases of offenders Sentenced to *Imprisonment with Hard Labour*, the Commander in Chief may mitigate such Sentence by causing the offender to be reduced to the ranks, in the case of a Non-Commissioned Officer; or in the case of a Non-Commissioned Officer or Soldier by directing that he be dismissed from the service; or suffer Imprisonment without Hard Labour, and with or without Solitary Confinement, (to be regulated as aforesaid), for any period not exceeding that for which he shall have been Sentenced to such Imprisonment with Hard Labour.

ARTICLE 74.

A District or Garrison Court Martial shall consist of not less than *Seven* Commissioned Officers, except in situations where that number cannot be conveniently assembled, when such Court may consist of not less than *Five* Commissioned Officers. And such District or Garrison Court Martial may be composed of Officers of the same Regiment, and shall be assembled in conformity with the orders of the Commander in Chief.

And the Sentence of a District or Garrison Court Martial shall be confirmed by the Commander in Chief, or by some Officer duly authorized to confirm the same.

Commutation of Sentence.

And the Commander in Chief is empowered to remit or mitigate or commute the Sentences of such Courts Martial, in the same manner as the Sentences of General Courts Martial; and to delegate or withhold the power to Commanding Officers of convening such Courts Martial, and of confirming and remitting, mitigating or commuting the Sentences of such Courts (*not including forfeiture of Pay or Pension or other advantage,*) as the Commander in Chief may deem to be most expedient.

And in case of any Sentence, including forfeiture of additional Pay or of Pension on Discharge, or of any prospective advantage, such Sentence shall not be carried into effect until confirmed by the Commander in Chief; and all forfeitures of any present or prospective advantage shall be restorable by the same authority.

Powers of a District or Garrison Court Martial.

*ARTICLE 75.

A District or Garrison Court Martial may Sentence any Non-Commissioned Officer to be reduced to the ranks,—or may Sentence any Non-Commissioned Officer or Soldier to be dismissed from the Service; or to be placed lower in the list of the rank which he holds; or may Sentence any Soldier to suffer Corporal Punishment not exceeding *one hundred and fifty lashes;* or Imprisonment with or without Hard Labour not exceeding *One Year*, and to be kept in Solitary Confinement to be regulated as aforesaid.

And such Court Martial may, in addition either to Corporal Punishment or to Imprisonment as aforesaid, Sentence a Soldier to forfeiture of all advantage as to additional Pay, and to Pension on Discharge, which might have otherwise accrued from the length or nature of his former service, or to forfeiture of such advantage absolutely, whether it might have accrued from past service, or might accrue from future service, according to the nature of the case, for *disgraceful conduct.*

And such Court Martial may, in addition to the punishment of Dismissal, Sentence any Non-Commissioned Officer or Soldier to forfeit his arrears of Pay and Allowances due at the time of his discharge, or such proportion thereof as may be required to make good any loss or damage arising out of his misconduct; and in addition to any punishment not involving Dismissal from the service, may Sentence any Non-Commissioned Officer or Soldier to be put under Stoppages not exceeding half of his Pay and Allowances, until the amount of such loss or damage be made good.
